

Event Information

World ATM Congress 2019

A CANSO partnership with ATCA

12-14 March 2019

Madrid, Spain

IFEMA, Feria de Madrid

World ATM Congress 2019(March 12-14, 2019 in Madrid, Spain, at IFEMA)

At the IFEMA in Madrid, World ATM Congress will be held which is the world's largest international air traffic management (ATM) exhibition and conference.

In the field of aviation, We, MITSUBISHI ELECTRIC, introduce our products which contribute to aviation safety by monitoring wind condition during takeoff and landing of aircrafts.

We welcome your visit to our booth located in IFEMA, Booth No.1328.

We look forward to seeing you in this exposition.

MITSUBISHI ELECTRIC CORPORATION

Outline of the Event

Date & Time	Exhibition	Tuesday, 12 March	10.00 - 19.30
		Wednesday, 13 March	10.00 - 18.00
		Thursday, 14 March	10.00 - 14.00
	Conference	Tuesday, 12 March	9:15 - 12.45
		Wednesday, 13 March	9.15 - 12.30
Place	IFEMA, Feria de Madrid Booth Number : 1328		
Other	Please visit the MTWE website for more information of the event. https://www.worldatmcongress.org/home		

Pick-up

Ground based Long Lidar, DIABREZZA (A Series)

A Terminal Doppler Lidar transmits laser beams and then detects light backscattered by dust and other particles in the air, which enables the system to measure line-of-sight wind speed using the Doppler frequency shift of the backscattered light. Mitsubishi Electric has developed a planar waveguide amplifier that extends the observation range to more than 20km and complies with International Civil Aviation Organization (ICAO) Standards and Recommended Practices, an organization ensuring that civil aviation operations and regulations conform to international norms.
