Cautionary Statement

The Mitsubishi Electric Group is involved in the development, manufacture and sales in a wide range of fields including Energy and Electric Systems, Industrial Automation Systems, Information and Communication Systems, Electronic Devices and Home Appliances, and these operations stretch out globally, not only inside Japan, but also in North America, Europe, Asia and other regions. While the statements herein are based on certain assumptions and premises that the Company trusts and considers to be reasonable under the circumstances to the date of announcement, actual operating results are subject to change due to any of the factors as contemplated hereunder and/or any additional factor unforeseeable as of the date of this announcement. Such factors materially affecting the expectations expressed herein shall include but are not limited to the following:

- (1) Important trends
The Mitsubishi Electric Group's operations may be affected by trends in the global economy, social conditions, laws, tax codes, and regulations.
- (2) Foreign currency exchange rates
Fluctuations in foreign currency markets may affect Mitsubishi Electric's sales of exported products and purchases of imported materials that are denominated in U.S. dollars or euros, as well as its Asian production bases' sales of exported products and purchases of imported materials that are denominated in foreign currencies.
- (3) Stock markets
A fall in stock market prices may cause Mitsubishi Electric to record devaluation losses on marketable securities, or cause an increase in retirement benefit obligations in accordance with a decline in the fair value of pension assets.
- (4) Supply/demand balance for products and procurement conditions for materials and components
A decline in prices and shipments due to changes in the supply/demand balance, as well as an increase in material prices due to a worsening of material and component procurement conditions may adversely affect the Mitsubishi Electric Group's performance.
- (5) Fund raising
An increase in interest rates, the yen interest rate in particular, would increase Mitsubishi Electric's interest expenses.
- (6) Significant patent matters
Important patent filings, licensing, copyrights and patent-related disputes may adversely affect related businesses.
- (7) Environmental legislation or relevant issues
We may incur losses or expenses owing to changes in environmental legislation or the occurrence of environmental issues. Such changes in legislation or the occurrence of environmental issues may also impact manufacturing and all corporate activities of the Mitsubishi Electric Group.
- (8) Flaws or defects in products or services
We may incur losses or expenses resulting out of flaws or defects in products or services, and the lowered reputation of the quality of all our products and services may affect the entire Mitsubishi Electric group.
- (9) Litigation and other legal proceedings
The Mitsubishi Electric Group's operations may be affected by lawsuits or other legal proceedings against Mitsubishi Electric, its subsidiaries and/or equity-method affiliated companies.
- (10) Disruptive changes
Disruptive changes in technology, development of products using new technology, timing of production, and market introduction may adversely affect the Mitsubishi Electric Group's performance.
- (11) Business restructuring
The Mitsubishi Electric Group may record losses due to restructuring measures.
- (12) Natural disasters
The Mitsubishi Electric Group's operations, particularly manufacturing activities, may be affected by the occurrence of earthquakes, typhoons, tsunamis, fires and other large-scale disasters.
- (13) Other significant factors
The Mitsubishi Electric Group's operations may be affected by the outbreak of social or political upheaval due to terrorism, war, pandemic by new strains of influenza and other diseases, or other factors.
