[Title] List of Technical Bulletins Regarding Year 2000 Problem [Date of Issue] July. '99

[Relevant Models] All MELSEC-K/A/QnA Programmable Logic Controllers  
and GOT Graphic Operation Terminals

Thank you for your continued patronage of the Mitsubishi general-purpose PLC MELSEC-K/A/QnA Series, and graphic operation terminal GOT Series.

The year 2000 problem includes recognizing the years before 1999 and after 2000, and compensating the date in leap years.

A list of Technical Bulletins describing the measures to be taken in respect to the year 2000 for each model was notified in the Technical Bulletin initially issued in October 1998.

However, Technical Bulletin with additional relevant models and New Technical Bulletin have been issued as notified in this revision Version A.

Please contact your nearest dealer for any of these Technical Bulletins.
