

Changes to packaging and packaged products

■Date of Issue

February 2020

■Relevant Models

FX-USB-AW, FX3U-USB-BD

Thank you for your continued support of programmable controller MELSEC-F series.

We will change the packaging for MELSEC-F series optional products and the packaged products.

These changes do not affect the functions and performance of the products.

1 Applicable models

Product	Model	Model code
Interface module	FX-USB-AW	09M195
Expansion boards	FX3U-USB-BD	09S303

2 Reason for the change

To downsize the packaging and reduce the packaged products as part of the resource conservation activities (ISO 14001).

3 Content of the change

The packaging and the packaged products will be changed as below.

Item		Before change	After change
Packaging	External dimensions	235(L)×155(W)×90(H) [mm]	136(L)×100(W)×51(H) [mm]
	External appearance		

HIME-T-P-0210A

Item	Before change	After change
Packaged products *1	With CD-ROM*2 	Without CD-ROM*2 

*1 The above picture shows FX3U-USB-BD, but this change also applies to FX-USB-AW.

*2 In the CD-ROM, only the USB driver software is recorded. The USB driver software can be obtained by using any of the following methods.

- The USB driver software is included with an installer of GX Works2 Ver.1.585K or later.
- For USB driver software, consult with your local Mitsubishi Electric sales representative.

4 Changeover period

The changes will be applied to the products manufactured in March 2020 and later.

Depending on stock status, both the old and new products may be distributed in the market around the same time.
