

Production discontinuation of a certain model

■Date of Issue

December 2017 (Ver. A: January 2019)

■Relevant Models

QA68B-E

Thank you for your continued support of Mitsubishi Electric programmable controllers, MELSEC-Q series.

Production of the following MELSEC-Q series model will be discontinued.

1 Model to be discontinued

Product	Model	Alternative product
QA extension base unit (The English manual is included.)	QA68B-E	QA68B ^{*1}

*1 The shared manual in Japanese and English is included in the product manufactured in October 2015 and after. (For the base units, there is no difference between them.)

2 Schedule

Order acceptance: Until May 31, 2018

Production discontinuation: June 30, 2018

3 Reason for discontinuation

- The demand for the relevant model is tremendously decreasing.
- The QA68B-E can be replaced with the alternative product. (The shared manual in Japanese and English is included in the alternative product.)

4 Repair support

Repair support period: Until June 30, 2025 (for seven years after the discontinuation of production)
