<http://www.elevator-expo.com/en/>

## OVERVIEW

We will showcase our state of the art technologies as follows based on the theme of "Mitsubishi Technology for a Better Life" by use of animation, video and display boards:

- \*Green technologies
- \*Ultrahigh-speed elevator technologies
- \*Reliable technologies for safety, and
- \*Maintenance and modernization technologies.

Furthermore, we will exhibit the prototypes of elevator cages including core products in China.
