

Dear Shareholders,

We wish to extend our sincere gratitude for your continued support.

As of April 1, 2018, Mitsubishi Electric Corporation renewed its management team, with Masaki Sakuyama and Takeshi Sugiyama serving as Chairman, Member of the Board and President & CEO, respectively.

The Mitsubishi Electric Group has set consolidated net sales of ¥5 trillion or more and an operating income ratio of 8% or more as growth targets to be achieved by fiscal 2021, the centennial of the Company's founding. While raising corporate value by continuing to implement the Balanced Corporate Management Policy, looking toward the next 100 years, the Group will seek to establish a stronger business foundation and pursue sustainable growth, and aim to become a company able to gain the trust and meet the satisfaction of various stakeholders as a "global, leading green company" that contributes to the realization of a prosperous society. We humbly ask for your continued support in our initiatives going forward.

This document has been sent in order to notify you of the 147th Ordinary General Meeting of Shareholders, which will be convened on Thursday, June 28, 2018.

Included in the material is an overview of Mitsubishi Electric's business operations during fiscal 2018 as well as a summary of its future initiatives.

June 2018
Masaki Sakuyama, Chairman, Member of the Board
Takeshi Sugiyama, President & CEO

Notes:

- There is no special interest between any of the candidates and the Company.
- Messrs. Mitoji Yabunaka, Hiroshi Obayashi, Kazunori Watanabe and Katsunori Nagayasu and Ms. Hiroko Koide are five candidates for Outside Directors, as defined under Article 2, Paragraph 3, Item 7 of the Ordinance for Enforcement of the Companies Act.
- Mitsubishi Electric Corporation has named Messrs. Mitoji Yabunaka, Hiroshi Obayashi, Kazunori Watanabe and Katsunori Nagayasu and Ms. Hiroko Koide given that they satisfy the requirement of independency in accordance with the Securities Listing Regulations of the Tokyo Stock Exchange as independent directors. The Company has filed notification with the Tokyo Stock Exchange of such designations.
In addition, Messrs. Mitoji Yabunaka, Hiroshi Obayashi, Kazunori Watanabe and Katsunori Nagayasu and Ms. Hiroko Koide satisfy the requirement of independency guideline for Outside Directors of the Company. Please see page 9 for the Company's Independency Guideline for Outside Directors.
- Mitsubishi Electric made and entered into agreements with Messrs. Mitoji Yabunaka, Hiroshi Obayashi, Kazunori Watanabe and Katsunori Nagayasu and Ms. Hiroko Koide to limit their liability as stipulated in Article 423, Paragraph 1 of the Companies Act. Based on these agreements, the limit of liability is either ¥10 million or the minimum statutory amount, whichever is higher.
In addition, should this Item be approved by shareholders, the Company intends to enter into the same agreement with three candidates for Directors, namely, Messrs. Masaki Sakuyama, Akihiro Matsuyama and Masahiko Sagawa, on the condition that they assume the offices of Non-Executive Directors.

(Reference) **Independency Guideline for Outside Directors**

Mitsubishi Electric Corporation nominates persons with experience in company management in the business world, attorneys and academics, among other specialists, who are appropriate to oversee the Company's business operations and not falling under any of the following cases, as candidates for Outside Directors. Each of the following 1), 2), 4) and 5) includes a case in any fiscal year during the past three fiscal years.

- 1) Persons who serve as Executive Directors, Executive Officers, managers or other employees (hereinafter "business executers") at a company whose amount of transactions with the Company accounts for more than 2% of the consolidated sales of the Company or the counterparty
- 2) Persons who serve as business executers at a company to which the Company has borrowings that exceed 2% of the consolidated total assets
- 3) Persons who are related parties of the Company's independent auditor
- 4) Persons who receive more than ¥10 million of compensation from the Company as specialists or consultants
- 5) Persons who serve as Executive Officers (Directors, etc.) of an organization to which the Company offers contribution that exceeds ¥10 million and 2% of the total revenue of the organization
- 6) Persons who are the Company's major shareholders (holding more than 10% of voting rights) or who serve as their business executers
- 7) Persons who are related parties of a person or company that have material conflict of interest with the Company

Guidance for the Exercise of Voting Rights

Please read the Reference Materials for the 147th Ordinary General Meeting of Shareholders (pages 3-9) before exercising your voting rights.

The three methods listed below are available for exercising your voting rights.

Attending the Ordinary General Meeting of Shareholders	Mail	The Internet
Shareholders attending the meeting are requested to submit the enclosed Voting Rights Exercise Form at the front desk of the meeting venue.	Please complete and send by return mail the enclosed Voting Rights Exercise Form indicating your approval or disapproval of each of the proposals put forward for resolution by the exercise deadline.	Please access the following site for exercising voting rights, in which you may indicate your approval or disapproval of the agenda by the exercise deadline. ▶ https://evote.tr.mufg.jp/
Meeting Date and Time	Exercise deadline	Exercise deadline
Thursday, June 28, 2018 at 10:00 AM (entry begins at 9:00 AM)	The form must arrive at the Company by no later than 5:30 PM on Wednesday, June 27, 2018.	No later than 5:30 PM on Wednesday, June 27, 2018

Instructions for the Exercise of Voting Rights via the Internet

1. How to Exercise Voting Rights via the Internet
 - (1) To vote using the Internet, please access the following site either through a personal computer, smartphone or mobile phone. At this site, you may indicate your approval or disapproval of the agenda. Log in using the Login ID and temporary password provided on the Voting Right Exercise Form and then follow the instructions provided on screen so that you can exercise vote.
The site for exercising voting rights: <https://evote.tr.mufg.jp/>
 - (2) In order to prevent illegal access (*i.e.* impersonation by a third party) as well as the falsification of voting results, shareholders will be asked to change their temporary password once they access the site to exercise their voting rights.
 - (3) The Company will provide shareholders with new Login IDs and temporary passwords with each convocation notice of General Meeting of Shareholders.
2. Multiple Exercises of Voting Rights
 - (1) Please note that if your voting rights were exercised both in written form and via the Internet, the Internet vote shall take precedence.
 - (2) In instances where a shareholder exercises their voting rights more than once via the Internet, the very last vote cast shall take precedence. In instances where a shareholder exercising their voting rights using both a personal computer and a mobile phone, the very last vote cast shall take precedence.

Business Report

(April 1, 2017 to March 31, 2018)

I. Matters Relating to the Mitsubishi Electric Group

1. Business Development and Results

During the fiscal year ended March 31, 2018 (hereinafter fiscal 2018), the global economy saw a stable status in China, a buoyant expansion in the U.S. and gradual trends of recovery in Japan and Europe. In addition, the yen, compared to the previous fiscal year, weakened against the U.S. dollar and the euro in and after May, but became stronger against the U.S. dollar after the latter half of November.

Under these circumstances, the Mitsubishi Electric Group has been working even harder than before to promote growth strategies rooted in its advantages, while continuously implementing initiatives to strengthen its competitiveness and business structure.

As a result, in fiscal 2018, the Mitsubishi Electric Group recorded net sales of ¥4,431.1 billion, up 5% from the previous fiscal year, operating income of ¥318.6 billion, up 18%. Income before income taxes increased by 23% compared to the previous fiscal year to ¥364.5 billion, and net income attributable to Mitsubishi Electric Corp. increased by 29% to ¥271.8 billion.

Fiscal period / Classification	146th Fiscal 2017	147th Fiscal 2018
Net sales	4,238.6	4,431.1
Operating income	270.1	318.6
Income before income taxes	296.2	364.5
Net income attributable to Mitsubishi Electric Corp.	210.4	271.8

Net Sales by Business Segment

(Billions of yen)

Business Segment	146th Fiscal 2017		147th Fiscal 2018	
	Net sales	As a percentage of net sales	Net sales	As a percentage of net sales
Energy and Electric Systems	1,227.9	25.1	1,241.9	24.2
Industrial Automation Systems	1,310.1	26.8	1,444.9	28.1
Information and Communication Systems	447.7	9.2	436.0	8.5

Eliminations and other	(651.7)	—	(707.7)	—
Total	4,238.6	—	4,431.1	—

Note: The figures shown in this table, include internal sales amounts between segments (transfer).
The later section “Information by Business Segment” reflects the figures computed at the same condition.

Net Sales by Location

(Billions of yen)

Location	146th Fiscal 2017		147th Fiscal 2018	
	Net sales	As a percentage of net sales	Net sales	As a percentage of net sales
Japan	2,405.5	56.8	2,423.6	54.7
North America	422.2	10.0	417.4	9.4
Asia (excluding Japan)	940.1	22.2	1,075.6	24.3
Europe	384.0	9.0	431.3	9.7
Others	86.6	2.0	83.1	1.9
Overseas	1,833.1	43.2	2,007.5	45.3
Total	4,238.6	100.0	4,431.1	100.0

Note: Net sales are shown by country and region based on customer location.

Information by Business Segment

Energy and Electric Systems

Net sales	¥1,241.9 billion (up 1% YoY)	Operating income	¥51.7 billion (up ¥7.3 billion YoY)
Principal products (as of March 31, 2018): Turbine generators, hydraulic turbine generators, nuclear power plant equipment, motors, transformers, power electronics equipment, circuit breakers, gas insulated switchgears, switch control devices, surveillance-system control and security systems, transmission and distribution ICT systems, large display devices, electrical equipment for locomotives and rolling stock, elevators, escalators, building security systems, building management systems, and others			

The social infrastructure systems business saw decreases in both orders and sales compared to the previous fiscal year due primarily to decreases in the transportation systems business outside Japan and the power systems business in Japan.

The building systems business remained substantially unchanged in orders, while sales increased compared to the previous fiscal year due primarily to growth in the renewal business in Japan and the new installation of elevators and escalators outside Japan.

As a result, total sales for this segment increased by 1% from the previous fiscal year. Operating income increased by 7.3 billion yen from the previous fiscal year due primarily to a shift in project portfolios.

Industrial Automation Systems

Net sales	¥1,444.9 billion (up 10% YoY)	Operating income	¥190.8 billion (up ¥50.7 billion YoY)
Principal products (as of March 31, 2018): Programmable logic controllers, inverters, servomotors, human-machine interface, motors, hoists, magnetic switches, no-fuse circuit breakers, short-circuit breakers, transformers for electricity distribution, time and power meters, uninterruptible power supply, industrial fans, computerized numerical controllers, electrical discharge machines, laser processing machines, industrial robots, clutches, automotive electrical equipment, car electronics and car mechatronics, car multimedia, and others			

The factory automation systems business saw increases in both orders and sales from the previous fiscal year due primarily to growth in capital expenditures in the fields of organic light emitting diodes (OLED) mainly in Korea, smartphones and electric cars in China as well as buoyancy in exports by machinery manufacturers in Japan.

The automotive equipment business saw increases in both orders and sales from the previous fiscal year, due primarily to increases in sales volume of Japanese car manufacturers in China, as well as the weaker yen, despite decreased car sales in North America.

As a result, total sales for this segment increased by 10% from the previous fiscal year. Operating income increased by 50.7 billion yen from the previous fiscal year due primarily to an increase in sales.

Information and Communication Systems

Net sales	¥436.0 billion (down 3% YoY)	Operating income	¥11.9 billion (down ¥0.7 billion YoY)
Principal products (as of March 31, 2018): Wireless and wired communications systems, network camera systems, satellite communications equipment, satellites, radar equipment, antennas, missile systems, fire control systems, broadcasting equipment, data transmission devices, network security systems, information systems equipment, systems integration, and others			

The telecommunications equipment business saw decreases in both orders and sales compared to the previous fiscal year due primarily to decreased demand in communications infrastructure equipment.

The information systems and service business saw an increase in sales compared to the previous fiscal year, mainly owing to an increase in the system integrations business.

The electronic systems business saw an increase in orders compared to the previous fiscal year mainly due to increases in the defense systems and space systems businesses, while sales experienced a decrease compared to the previous fiscal year due primarily to a shift in large-scale projects in the defense systems business.

As a result, total sales for this segment decreased by 3% from the previous fiscal year. Operating income decreased by 0.7 billion yen from the previous fiscal year due primarily to a decrease in sales.

Electronic Devices

Net sales	¥202.2 billion (up 8% YoY)	Operating income	¥14.5 billion (up ¥6.1 billion YoY)
Principal products (as of March 31, 2018):			
Power modules, high-frequency devices, optical devices, LCD devices, and others			

The electronic devices business saw an increase in orders from the previous fiscal year due to increases in demand for power modules used in consumer and industrial applications, despite a decrease in demand for optical communication devices, and total sales increased by 8% compared to the previous fiscal year.

Operating income increased by 6.1 billion yen from the previous fiscal year due primarily to an increase in sales.

Home Appliances

Net sales	¥1,049.3 billion (up 4% YoY)	Operating income	¥56.0 billion (down ¥13.6 billion YoY)
Principal products (as of March 31, 2018):			
Room air conditioners, package air conditioners, chillers, showcases, compressors, refrigeration units, air-to-water heat pump boilers, ventilators, photovoltaic systems, hot water supply systems, IH cooking heaters, LED lamps, fluorescent lamps, indoor lighting, LCD televisions, refrigerators, electric fans, dehumidifiers, air purifiers, cleaners, jar rice cookers, microwave ovens, and others			

The home appliances business saw a 4% increase in sales compared to the previous fiscal year due to increases in sales of air conditioners in the European, Chinese and U.S. markets, in addition to positive influences caused by the weaker yen.

Operating income decreased by 13.6 billion yen compared to the previous fiscal year due primarily to increases in material prices and sales expenses.

Others

Net sales	¥764.3 billion (up 7% YoY)	Operating income	¥23.9 billion (up ¥0.6 billion YoY)
Principal products (as of March 31, 2018):			
Procurement, logistics, real estate, advertising, finance, and other services			

Sales increased by 7% compared to the previous fiscal year mainly due to an increase in sales at affiliated companies involved in materials procurement.

Operating income increased by 0.6 billion yen from the previous fiscal year due primarily to an increase in sales.

2. Capital Expenditures

During fiscal 2018, the Mitsubishi Electric Group invested a total of ¥204.2 billion, down 8% compared to the previous fiscal year, in order to realize its growth strategies and increase profitability in line with its policy of improving performance by implementing the Balanced Corporate Management Policy while pursuing further growth.

Principal capital expenditures per segment are as follows:

Segment	Amount (Billions of Yen)	Major Projects Completed within Consolidated Basis Fiscal 2018	Major Ongoing Projects within Consolidated Basis Fiscal 2018
Energy and Electric Systems	29.5	Mitsubishi Elevator Korea Co., Ltd. New Korea-based factory for elevator	Power Distribution Systems Center New factory for vacuum interrupters and vacuum circuit breakers
Industrial Automation Systems	79.2	Nagoya Works FA Development Center No. 2	Mitsubishi Electric Automation Manufacturing (Changshu) Co., Ltd. Expansion of China-based factory building No. 2
Information and Communication Systems	22.7	Kamakura Works, Sagami Factory Satellite component production facility	Kamakura Works New satellite production facility
Electronic Devices	17.7	Power Device Works Building of SiC 6-inch wafer processing	Power Device Works Enhancement of production capacity for 7th-generation IGBT wafer
Home Appliances	34.2	Mitsubishi Electric Turkey Klima Sistemleri Uretim Anonim Sirketi New Turkey-based factory for room air conditioners	Shizuoka Works Air conditioners R&D assessment laboratory building
Others	20.9	Mitsubishi Electric Logistics Corporation Shizuoka Operation Office, New warehouse	Mitsubishi Electric Logistics Corporation New Kansai Region logistics facility

3. Research and Development

(1) Basic Policy on Research and Development

As the cornerstone of its growth strategy, the Mitsubishi Electric Group will promote short-, medium-, and long-term R&D themes in a balanced manner.

In addition to thoroughly strengthening current businesses, the Group is striving to leverage its accumulated strengths as an innovative, diversified electrical equipment manufacturer to create greater value through technological and business synergies and is engaging in R&D of future technologies needed to realize its ideal vision.

At the same time, the Group is also focused on research into fundamental technologies that support all of its products. Furthermore, the Group will maximize achievements by promoting enhancement of efficiency of development through proactive utilization of open innovation in collaboration with universities and other external R&D institutions.

(2) Major R&D Achievements in Fiscal 2018

Development of Object-Recognition Camera Technology for Coming Mirrorless Cars

Mitsubishi Electric Corporation has developed what is believed to be the industry's highest^{*1} performing automotive camera technology for coming mirrorless cars^{*2} that instantly detects various object types at distances of up to 100 meters using Mitsubishi Electric Corporation's proprietary Maisart^{*3}-brand artificial intelligence (AI) technology.

As a result of the approval of mirrorless cars for use in Europe and Japan in June 2016, the market is expected to rapidly expand in the future.

This technology instantly detects approaching objects and identifies the type of object at the same time, which is expected to help prevent accidents, especially when drivers change lanes, by warning drivers. As such, the development of this technology will contribute to the realization of a safe and secure automobile society.

^{*1} As of January 17, 2018 (survey conducted by Mitsubishi Electric Corporation)

^{*2} System that replaces rearview and side mirrors with camera-monitoring systems

^{*3} Mitsubishi Electric's AI creates the State-of-the-ART in technology

Mitsubishi Electric's AI technology brand aimed at making all equipment smarter

Development of 6.5 kV Full-SiC Power Semiconductor Module^{*1}

Mitsubishi Electric Corporation has developed a 6.5 kV full-SiC^{*2} power semiconductor module featuring the world's highest^{*3} power density^{*4} of 9.3 kVA/cm³ (1.8 times compared with Si^{*5} module) enabled by insulating substrate with both thermal conductivity and heat tolerance, and by high reliable bonding technology.

Since the replacement of Si modules with full-SiC modules substantially reduces switching loss and makes it possible to conduct high frequency operations, which had been difficult to carry out with Si modules, this technology can realize energy-efficient power electronics equipment as well as compact peripheral components. The application of this module will lead to smaller and more energy-efficient power electronics equipment for high-voltage electrical equipment for railcars and power system and transformer equipment.

- *1 This development is subsidized by the New Energy and Industrial Technology Development Organization (NEDO).
- *2 SiC: Silicon Carbide (a compound of carbon and silicon)
- *3 As of January 31, 2018, as high-voltage power semiconductor module (survey conducted by Mitsubishi Electric Corporation)
- *4 The magnitude of power generated by a certain volume at the time of standard operation
- *5 Si: Silicon

Development of Cadmium-Free Magnetic Contactor

Mitsubishi Electric Corporation has developed a technology that efficiently terminates arc discharge in magnetic contactors that are widely utilized in automatic control of industrial motors, etc. As a result, this technology has realized cadmium-free electrical contacts as well as the industry's smallest^{*1} class case body size (40% less than conventional volume^{*2}).

Considering that the use of cadmium and other substances is restricted under the RoHS^{*3} directive in Europe, the use of cadmium-free contacts is expected to be required in the future. Generally, silver cadmium oxide had been used to shut off load currents by means of magnetic contactors because of its outstanding interruption quality. However, Mitsubishi Electric Corporation has developed a mechanism that can shut off the current flow without using cadmium, for which it was awarded the 2017 Environment Excellence Prize^{*4}.

Going forward, Mitsubishi Electric Corporation will contribute to the reduction of environmental risks by promoting the widespread use of cadmium-free magnetic contactors in a wide range of fields, such as power supply facilities for electric vehicles and power conditioners for solar power stations.

- *1 As of December 14, 2017 (survey conducted by Mitsubishi Electric Corporation)
- *2 For 20A and 50A models
- *3 RoHS: Restriction of Hazardous Substances (the restriction of use of certain hazardous substances in electrical and electronic equipment)
- *4 Sponsored by the National Institute for Environmental Studies and Nikkan Kogyo Shimbun, Ltd. and supported by the Ministry of the Environment

4. Topics

Delivery of Equipment/Systems Contributing to ZEB as the First ZEB Planner among Electrical Equipment Manufacturers

In January 2018, Mitsubishi Electric Corporation delivered, as the first ZEB planner^{*1} among electrical equipment manufacturers, equipment/systems that contribute to ZEB^{*2} for the new head office building of SHIRASAGI DENKI KOGYO Co., Ltd. In addition to delivering D-SMiree for MVDC^{*3} distribution network systems for an office building in Japan for the first time^{*4}, Mitsubishi Electric Corporation has realized 74% energy conservation with respect to the standard primary energy consumption^{*5} by means of equipment with outstanding energy-saving performance. The Company will aim to achieve further energy conservation by supporting the energy management of the new head office building from the standpoint of operation and maintenance even after completion of construction.

Looking ahead, Mitsubishi Electric Corporation will strive to promote ZEB through operational support to customers aiming at realizing ZEB as well as through the further enhancement of functions of equipment and promotion of high-value-added services.

*1 A registration system established in fiscal 2017 by the Ministry of Economy, Trade and Industry to promote the widespread use of ZEB

*2 ZEB: net Zero Energy Building

*3 medium voltage direct current up to 1500V DC

*4 As of January 31, 2018 (survey conducted by Mitsubishi Electric Corporation)

*5 The total energy consumption for air conditioning, ventilation, water heating, lighting, elevators and escalators, etc. specified for regional and building applications and room applications under the 2016 energy saving standards

Mitsubishi Electric Receives IEEE Milestone for Outdoor Large-Scale Color Display System (Diamond Vision™)

In March 2018, Mitsubishi Electric Corporation's Diamond Vision™, the outdoor large-scale color display system, received the IEEE Milestone award which honors historical achievements in the fields of electricity, electronics, information and communications. The world's first technology for large, full-color displays useable in direct sunlight developed by Mitsubishi Electric Corporation in 1980 has been highly evaluated for playing a major role in entertaining people around the world both indoors and outdoors with impressive video images even today.

Going forward, Mitsubishi Electric Corporation will continue contributing to realizing various forms of visual entertainment by utilizing image and network technologies.

Implementation of Capital Expenditures in Response to Growing Demand in Overseas Markets

During fiscal 2018, Mitsubishi Electric Corporation commenced operation of a new factory for room air conditioners in Turkey and a new elevator factory in South Korea. In addition, the Company plans to start production of industrial robots in China in June 2018.

In an effort to promote the expansion of its business scale globally, Mitsubishi Electric Corporation will strengthen the product development system and production capacity in response to growing demand in overseas markets.

5. Corporate Agenda

Regarding the world economy, despite the prospect remaining uncertain due to factors such as the U.S. trade policies and influence from Brexit, a continuous moderate expansion will be expected. Specifically, economic slowdown in China is expected to be mild, steady expansion in the U.S. will be expected, and moderate pick up in Japan and Europe are to be continued.

The Mitsubishi Electric Group, based on its Corporate Mission^{*1} and Seven Guiding Principles^{*2}, has positioned corporate social responsibility (CSR) initiatives as the pillar of its corporate management. By providing products, systems and services globally in response to contemporary social issues including environmental issues and resource and energy issues, the Group as a whole will work together with the aim of becoming a “global, leading green company” that contributes to the realization of a prosperous society that simultaneously achieves sustainability and safety, security, and comfort.

Additionally, the Group will pursue sustainable growth based on its threefold balanced management policy of “Growth”, “Profitability & Efficiency” and “Soundness” with the aim of achieving a higher level of growth, as part of its efforts to contribute to the realization of a prosperous society. In addition to making strong businesses even stronger, through the creation of technology synergies by combining strong technological assets and the creation of business synergies through collaboration between diversified businesses, the Group will create additional value in order to achieve consolidated net sales of ¥5 trillion or more and an operating income ratio of 8% or more by fiscal year 2021 at the latest. The Group will also continue to strive toward achieving an ROE of 10% or more and a ratio of interest-bearing debt to total assets of 15% or less as management targets that should be achieved continuously.

Toward sustainable growth, the Group will strengthen its business competitiveness centered on growth-driving businesses while continuing a high level of investments in development and infrastructure to create new strong businesses continuously. In addition, the Group will make efforts to take part in collaborations, mergers and acquisitions and other strategic activities with a view to supplementing missing products and technologies, securing distribution-/ service-network in entering new regions and markets, and acquiring new customer bases in an attempt to maximize results. The Group will build and reinforce an optimal business structure, in both global terms and for the entire corporate Group to enhance competitiveness in the U.S., Europe and China, while also focusing on meeting demands in growing markets such as India, Southeast Asia, and Central and South America. Furthermore, the Group will realize high-quality growth by continuing the following measures: optimizing resource distribution through continuous reevaluation of its business portfolio; strengthening its development and production capability that will contribute to the strengthening of its integrated comprehensive manufacturing capability; emphasizing on quality from the early stages of design and development; increasing its productivity through Just-in-Time production including enhancement of work efficiency in indirect departments; streamlining its human resources structure and allocating them appropriately; further improving its financial standing; and improving its comprehensive business efficiency from a medium and long term perspective, using Mitsubishi Electric’s version of ROIC^{*3}, a comprehensive business efficiency indicator.

In these efforts, the Mitsubishi Electric Group aims to reduce CO₂ emissions from product usage by 30% compared to fiscal 2001 and 30% from product production across the entire Group compared to fiscal 1991^{*4}. These goals follow the “Environmental Vision 2021” with 2021 as its target year, the 100th anniversary of the Company’s founding and are aimed at contributing to the creation of a low-carbon, recycling-based society. In terms of legal and ethical compliance, the Group as a whole will further strengthen its organizational compliance frameworks through intensive compliance policy, internal control measures and internal training. The Group intends to improve its corporate governance through continuous promotion of measures such as compliance with Japan’s Corporate Governance Code, in order to acquire a higher level of trust from society, customers, and shareholders.

Steadily executing the strategies above, the Mitsubishi Electric Group will work to further enhance its corporate value. Looking ahead, the Group asks for the understanding and support of all its stakeholders.

*1 Corporate Mission: The Mitsubishi Electric Group will continually improve its technologies and services by applying creativity to all aspects of its business. By doing so, we enhance the quality of life in our society.

*2 These principles are:

Trust: Establish relationships with society, customers, shareholders, employees, and business partners based on strong mutual trust and respect.

Quality: Provide the best products and services with unsurpassed quality.

Technology: Pioneer new markets by promoting research and development, and fostering technological innovation.

Citizenship: As a global player, contribute to the development of communities and society as a whole.

Ethics and Compliance: In all endeavors, conduct ourselves in compliance with applicable laws and high ethical standards.

Environment: Respect nature, and strive to protect and improve the global environment.

Growth: Assure fair earnings to build a foundation for future growth.

*3 ROIC (Mitsubishi Electric version): A comprehensive business efficiency indicator which is calculated by asset items (fixed assets, cash, etc.) per different segments (and not by capital and liability) so that it is easier to track and improve.

*4 Base years of reduction targets:

Mitsubishi Electric Corporation: 1990; Associated companies in Japan: 2000; Associated companies outside Japan: 2005

6. Trends in Operating Results and Financial Condition

(Billions of yen, except net income per share data)

(1) The Mitsubishi Electric Group (Consolidated)

	144th Period Fiscal 2015	145th Period Fiscal 2016	146th Period Fiscal 2017	147th Period Fiscal 2018
Net sales	4,323.0	4,394.3	4,238.6	4,431.1
Operating income	317.6	301.1	270.1	318.6
Income before income taxes	322.9	318.4	296.2	364.5
Net income attributable to Mitsubishi Electric Corp.	234.6	228.4	210.4	271.8
Basic net income per share attributable to Mitsubishi Electric Corp.	¥109.32	¥106.43	¥98.07	¥126.70
Total assets	4,059.4	4,059.9	4,172.2	4,264.5

Notes: 1. The data contained in the above chart is drawn from the Mitsubishi Electric Group's consolidated financial statements prepared in accordance with U.S. accounting standards.

2. From fiscal 2018, the Company has adopted Accounting Standards Update 2015-17 "Balance Sheet Classification of Deferred Taxes" issued by the Financial Accounting Standards Board. Accordingly, all deferred tax assets and liabilities are classified as noncurrent in the consolidated balance sheet and subsequently, deferred tax assets and liabilities attributable to the same tax-paying component or tax jurisdiction are offset and presented in the noncurrent category. The consolidated balance sheet as of the previous fiscal year has been reclassified to reflect this adoption.

(2) Mitsubishi Electric Corporation (Non-Consolidated)

	144th Period Fiscal 2015	145th Period Fiscal 2016	146th Period Fiscal 2017	147th Period Fiscal 2018
Net sales	2,675.6	2,675.7	2,576.2	2,675.8
Ordinary income	171.4	185.7	124.8	214.1
Net income	135.2	163.8	133.3	203.0
Net income per share	¥63.00	¥76.31	¥62.15	¥94.61
Total assets	2,705.8	2,718.0	2,853.5	2,886.5

7. Principal Offices (As of March 31, 2018)

(1) Mitsubishi Electric Corporation

1. Head Office: Tokyo

2. Marketing Bases:

Branch Name	Location (Prefecture)	Branch Name	Location (Prefecture)
Hokkaido Branch Office	Hokkaido	Chubu Branch Office	Aichi
Tohoku Branch Office	Miyagi	Kansai Branch Office	Osaka
Kanetsu Branch Office	Saitama	Chugoku Branch Office	Hiroshima
Kanagawa Branch Office	Kanagawa	Shikoku Branch Office	Kagawa
Hokuriku Branch Office	Ishikawa	Kyushu Branch Office	Fukuoka

3. Research Laboratories

(2) Subsidiaries

Please refer to Section 11. Principal Subsidiaries.

8. Employees (As of March 31, 2018)

Business Segment	Number of employees	Year-on-Year increase (decrease)
Energy and Electric Systems	45,919	633
Industrial Automation Systems	32,399	2,445
Information and Communication Systems	15,131	(140)
Electronic Devices	5,588	154
Home Appliances	26,000	287
Others	12,005	135
Common	5,298	126
Total	142,340	3,640

Notes: 1. Employees whose job and functions are not directly attributable to any of the aforementioned business segments are included in the line titled as “common”.

2. Breakdown of employees: 89,873 located in Japan; 52,467 located overseas.

9. Fund Raising

Mitsubishi Electric Corporation repaid the borrowings reaching their maturities within fiscal 2018, while procuring working capital through bank loans.

As a result, the balance of interest-bearing debt as of the end of fiscal 2018 stood at ¥311.4 billion, a decrease of ¥40.6 billion compared with the previous fiscal year.

10. Principal Lenders (As of March 31, 2018)

(Billions of yen)

Name of Lender	Outstanding Borrowings
The Bank of Tokyo-Mitsubishi UFJ, Ltd.	49.6
Mitsubishi UFJ Trust and Banking Corporation	39.1
Meiji Yasuda Life Insurance Company	26.2
The Norinchukin Bank	25.1

Note: The Bank of Tokyo-Mitsubishi UFJ, Ltd. has changed its trade name to MUFG Bank, Ltd. effective on April 1, 2018.

11. Principal Subsidiaries (As of March 31, 2018)

(1) Subsidiaries in Japan

Subsidiary Name	Business Segment	Paid-in capital (millions)	Owner -ship	Principal Business Activities	Location
Mitsubishi Electric Building Techno-Service Co., Ltd.	Energy and Electric Systems	¥5,000	100.0%	Sale, installation and maintenance of the Company's elevators and escalators and other building equipment	Tokyo
Mitsubishi Electric Lighting Corporation	Home Appliances	¥3,790	100.0%	Manufacture and sale of lighting equipment, lamps, and related components	Kanagawa
Mitsubishi Precision Co., Ltd.	Information and Communication Systems	¥3,170	68.7%	Manufacture and sale of simulators and precision electronic equipment	Tokyo
The Kodensha Co., Ltd.	Others	¥1,520	50.4%	Contractor undertaking electrical construction, sale of the Company's products	Tokyo

(2) Overseas Subsidiaries

Region	Subsidiary Name	Business Segment	Paid-in capital (millions)	Owner -ship	Principal Business Activities	Location
North America	Mitsubishi Electric Automotive de Mexico, S.A. de C.V.	Industrial Automation Systems	500.00 Mexican Peso	100.0%	Manufacture and sale of automotive equipment	Mexico
North America	Mitsubishi Electric US, Inc.	—	\$31.623	100.0%	Sale and distribution of Group products	United States
North America	Mitsubishi Electric Automotive America, Inc.	Industrial Automation Systems	\$28.00	100.0%	Manufacture and sale of automotive equipment	United States
Asia	Mitsubishi Electric (Guangzhou) Compressor Co., Ltd.	Home Appliances	\$122.22	100.0%	Manufacture and sale of rotary compressors for air conditioners	China
Asia	Mitsubishi Electric (Hong Kong) Ltd.	—	1,012.317 Hong Kong dollar	100.0%	Sale and distribution of Group products	Hong Kong
Asia	Taiwan Mitsubishi Elevator Co., Ltd.	Energy and Electric Systems	2,215.249 Taiwan dollar	54.7 %	Manufacture, sale, installation, and maintenance of elevators	Taiwan
Europe	Mitsubishi Electric Europe B.V.	—	€100.596	100.0%	Sale and distribution of Group products	The Netherlands
Europe	Mitsubishi Electric Air Conditioning Systems Europe Ltd.	Home Appliances	14.90 pound	100.0%	Manufacture and sale of industrial air conditioners	The United Kingdom
Europe	Mitsubishi Electric Hydronics & IT Cooling Systems Sp.A.	Home Appliances	€10.00	100.0%	Design, manufacture, and sale of industrial air conditioning equipment	Italy
Other	Mitsubishi Electric Australia Pty. Ltd.	—	11.00 Australian dollars	100.0%	Sale and distribution of Group products	Australia

Note: Mitsubishi Electric US, Inc., Mitsubishi Electric (Hong Kong) Ltd., Mitsubishi Electric Europe B.V. and Mitsubishi Electric Australia Pty. Ltd. sell and distribute the products produced by Mitsubishi Electric Corporation and/or the companies belonging to the Group, and marketed by multiple business segments.

(3) Directors' and Executive Officers' Compensation

	Number Receiving Payment	Compensation Amount (Millions of yen)
Directors	3	191
Outside Directors	5	67
Executive Officers	22	3,295

Notes: 1. The number of Directors receiving compensation does not include Outside Directors or Directors who concurrently hold posts as Executive Officers.

2. Regarding Executive Officers who assumed the office in the 146th fiscal year, there was a difference amounting to ¥60 million between the total compensation disclosed for the previous fiscal year and the compensation paid during fiscal 2018. Said difference was not included in the amount disclosed above.

(4) The Policy for Determining Compensation for Directors and Executive Officers

1) Basic Policies

- i. As a Company with a Three-committee System, the Company segregates the supervisory function and the execution function of management. The supervisory function of management is assigned to the Board of Directors and the execution function of management is assigned to the Executive Officers. The compensation scheme for Directors and the compensation scheme for the Executive Officers will be set differently, corresponding to the contents and responsibilities of each of the duty and position.
- ii. Directors give advice to and supervise the Company's management from an objective point of view, and therefore, the basic policy of the compensation scheme for Directors is the payment of fixed-amount compensation and the retirement benefit upon resignation.
- iii. The compensation scheme for the Executive Officers focuses on incentives for the realization of management policies and the improvement of business performance, and performance-based compensation will be paid in addition to the payment of fixed-amount compensation and the retirement benefit upon resignation, based on the following basic policies:
 - a. The compensation scheme should raise awareness of the contribution to the improvement of the mid- and long-term business performance, and to the enhancement of the Group's corporate value.
 - b. The compensation scheme should be closely linked with the company's performance and be highly transparent and objective.

- c. The compensation scheme should mainly aim at sharing of interest with shareholders and raising management awareness which places importance on the interest of shareholders.
 - iv. In order to introduce from the outside objective points of view and specialized knowledge about the executive compensation scheme, the Company will employ external compensation consultants, and deliberate the compensation level, compensation scheme, etc. with the support of such consultants, taking into consideration external data concerning compensation in major Japanese corporations developing their businesses globally, the domestic economic environment, industry trends, management conditions, etc.
- 2) The System and the Policy for Determining Compensation for Directors and Executive Officers
 - i. Compensation for Directors:
 - a. A fixed amount of compensation shall be set at a level considered reasonable, while taking into account the contents of the Directors' duties and the Company's conditions, etc.
 - b. The amount of the retirement benefit will be decided on the basis of the monthly amount of compensation and the number of service years, etc.
 - ii. Compensation for Executive Officers:
 - a. A fixed amount of compensation shall be set at a level considered reasonable, while taking into account the contents of the Executive Officer's duties and the Company's conditions, etc.
 - b. The level of performance-based compensation will be decided while taking into account the consolidated business performance and the performance of the business to which the respective Executive Officer is assigned, etc. With the purposes of meshing the interest of shareholders with the Executive Officers and further raising management awareness that places importance on the interest of shareholders, and increasing the incentives for the improvement of business performance from the mid- and long-term perspectives, 50% of performance-based compensation will be paid in the form of shares. The Company sets a rule that, when the Executive Officers acquire the Company shares as a part of compensation, they are required to continue the shareholding until 1 year has passed from resignation.
 - c. The amount of the retirement benefit will be decided on the basis of the monthly amount of compensation and the number of service years, etc.

3. Status of the Independent Auditor

(1) Name of the Independent Auditor

KPMG AZSA LLC

(2) Compensation Paid to the Independent Auditor in Fiscal 2018

(Millions of yen)

	Payment
1) Compensation and other payments to the Independent Auditor by Mitsubishi Electric Corporation	289
2) A total of financial returns payable on monetary and other assets by Mitsubishi Electric Corporation and its subsidiaries	499

- Notes: 1. In its auditing agreements with independent auditors, the Company makes no distinction between compensation for audits as defined by the Companies Act or for audits as defined under the Financial Instruments and Exchange Law. The total of compensation for such audits is included in 1) in the above table.
2. Aside from audit work defined in Article 2, Paragraph 1 of the Certified Public Accountant Law, Mitsubishi Electric Corporation has paid the Independent Auditor a fee for advisory services related to assessment of the Company's accounting operations.
3. Ten of the Company's principal subsidiaries have been audited by audit corporations (or accounting firms) other than the Independent Auditor retained by Mitsubishi Electric Corporation. Accounting firms in alliance with the Independent Auditor retained by Mitsubishi Electric Corporation audited nine out of such ten subsidiaries.
4. Audit Committee determined that the compensation for Independent Auditors were legitimate and agreed to the amount, as it was based on the estimated audit hours taking into account the audit policies and plans for fiscal 2018, which were confirmed with the Independent Auditors, and as the compensation unit price was a reasonable amount.

(3) Policy on Dismissal or Non-Reappointment of the Independent Auditor

1) The Independent Auditor may be dismissed in the event that it:

- a. Commits any breach or omission of due fulfillment of the responsibilities of its work;
- b. Acts in a manner that is inappropriate for an independent auditor; or,
- c. Is involved in any sort of incident or activity that is deemed to fall within the scope of (a) and (b) above.

2) In addition to the event as contemplated in 1) above, for such reasons as (but not limited to) amelioration of the audit quality, the Company may opt, as necessary, not to renew the retention or appointment of the Independent Auditor.

4. Summary of Systems Necessary to Ensure the Properness of Operations of the Company and the Status of the Management

(1) For the execution of the duties of the Audit Committee, its independence is secured by assigning employees whose job is exclusively to assist the Audit Committee members. In addition, internal regulations regarding the processing of expenses and debts incurred in the execution of the duties of the Audit Committee members are established and such expenses and debts are properly processed.

A system for reporting to the Audit Committee is developed to report information about the Company and its subsidiaries to the Audit Committee via the divisions in charge of internal control, and an internal whistle-blower system is developed and its details are reported to the Audit Committee members.

Furthermore, the Audit Committee members attend important meetings including Executive Officer meetings and conduct investigations such as interviews with Executive Officer and the executives of the Company's offices and subsidiaries, and undertake deliberations to determine audit policies, methods, implementation status, and results of the audit by regularly receiving reports from the Independent Auditor and Executive Officers in charge of audits.

(2) Internal regulations and systems to ensure the properness of operations within the Mitsubishi Electric Group are established. Executive Officers take responsibility for constructing such systems within the areas over which they are appointed. Important matters are deliberated by convening Executive Officer meetings.

Executive Officers regularly monitor the status of management of the systems. The divisions in charge of internal control monitor the status of design and management of internal control system and regulations. Also an internal whistle-blower system is established and the matters reported thereto are informed to the Audit Committee members.

Furthermore, the status of management of the system is audited by internal auditors, and the audit results are reported regularly to the Audit Committee via Executive Officers in charge of audit.

Details of this section are posted on the Company's Website (<http://www.MitsubishiElectric.com/en/investors/meeting/index.html>).

5. Basic Policy Regarding Control over the Company

At present, Mitsubishi Electric Corporation has not formulated basic policies or anti-takeover measures.

The Company aims to further enhance corporate value in incessant pursuit of growth and *better-than-ever* business results. Through proactive IR activities, the Company endeavors to convey timely information to investors and financial markets, regarding its management policies, strategies and business results.

However, due to the possibility that large volumes of shares may be purchased, the Company believes it is necessary to take appropriate steps in response to any action not in conformity with the objective of enhancing the Company's corporate value, or in contrary to the common interest of shareholders. Looking forward, the Company will maintain a careful watch over social trends and examine avenues of action.

6. Policy on the Determination of Dividends from Surplus

(1) Medium- to long-term policy

Mitsubishi Electric Corporation shall remain focused on enhancing corporate value as its ultimate objective. The Company aims to maintain a balance between distributing profits that reflect earnings conditions for the respective fiscal year and strengthening its financial standings by improving internal reserves. From this perspective, the Company's fundamental policy is to improve overall shareholder returns.

(2) Dividends for the fiscal year ended March 31, 2018

In the fiscal year ended March 31, 2018, Mitsubishi Electric Corporation decided to pay a fiscal year-end dividend of ¥26 per share in line with its performance and financial standing during the fiscal period.

As a result, the annual dividend for the fiscal year ended March 31, 2018, amounted to ¥40 per share, which includes an interim dividend of ¥14 per share paid on December 4, 2017.

Note: Fiscal year-end dividends will be paid on Monday, June 4, 2018.

We have audited the consolidated financial statements, comprising the consolidated balance sheet, the consolidated statement of income, the consolidated statement of equity and the related notes of Mitsubishi Electric Corporation as at March 31, 2018 and for the year from April 1, 2017 to March 31, 2018 in accordance with Article 444-4 of the Companies Act.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the second sentence of Article 120, Paragraph 1 of the Ordinance of Company's Accounting, which is applied mutatis mutandis pursuant to Article 120-3-3 of the same Ordinance, that prescribes some omissions of disclosure items required under U.S. generally accepted accounting principles (see note to consolidated financial statements 1.(1) Basis of Preparation of Consolidated Financial Statements), and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the consolidated financial statements based on our audit as independent auditor. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to

fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, while the objective of the financial statement audit is not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above, which were prepared in accordance with the second sentence of Article 120, Paragraph 1 of the Ordinance of Company's Accounting, which is applied mutatis mutandis pursuant to Article 120-3-3 of the same Ordinance, that prescribes some omissions of disclosure items required under U.S. generally accepted accounting principles (see note to consolidated financial statements 1.(1) Basis of Preparation of Consolidated Financial Statements), present fairly, in all material respects, the financial position and the results of operations of Mitsubishi Electric Corporation and its consolidated subsidiaries for the period, for which the consolidated financial statements were prepared.

Other Matter

Our firm and engagement partners have no interest in the Company which should be disclosed pursuant to the provisions of the Certified Public Accountants Law of Japan.

Notes to the Reader of Independent Auditor's Report:

The Independent Auditor's Report herein is the English translation of the Independent Auditor's Report as required by the Companies Act.

Audit Committee Report on Consolidated Financial Statements

The Audit Committee has audited the consolidated balance sheets, the consolidated statements of income, the consolidated statements of shareholders' equity and the notes to consolidated financial statements (hereinafter "financial statements") for the 147th fiscal period (April 1, 2017 to March 31, 2018). A report covering the methodology and findings of the audit follows.

1. Methodology and Scope of Audit:

The Company's Audit Committee received reports from Executive Officers and others in accordance with policies and duties established by the Audit Committee concerning the consolidated financial statements and other documentation. Where necessary, the Committee sought clarification on these matters. In addition to monitoring and examining the activities of the Independent Auditor to ensure that it maintains its independent position and that it conducts its auditing duties properly, the Audit Committee received reports from the Independent Auditor regarding the status of its activities and sought explanations where necessary. Furthermore, the Independent Auditor notified the Committee that it was adhering to "Quality Management Standards Regarding Audits" (Business Accounting Council of the Financial Services Agency, October 28, 2005) as it worked to improve its system "to ensure that its duties are properly executed," as stipulated in Article 131 of the "Company Accounting Regulations." The Committee sought explanations where necessary.

Based upon the above methods, the Audit Committee carefully examined the consolidated financial statements for the fiscal year ended March 31, 2018.

2. Audit Results:

The procedures and report of the audit by the independent auditor, KPMG AZSA LLC, are adequate.

We have audited the financial statements, comprising the balance sheet, the statement of income, the statement of changes in net assets and the related notes, and the supplementary schedules of Mitsubishi Electric Corporation as at March 31, 2018 and for the year from April 1, 2017 to March 31, 2018 in accordance with Article 436-2-1 of the Companies Act.

Management's Responsibility for the Financial Statements and Others

Management is responsible for the preparation and fair presentation of the financial statements and the supplementary schedules in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of financial statements and the supplementary schedules that are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial statements and the supplementary schedules based on our audit as independent auditor. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements and the supplementary schedules are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements and the supplementary schedules. The procedures selected depend on our judgement, including the assessment of the risks of material misstatement of the financial statements and the supplementary schedules, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements and the supplementary schedules in order to design audit procedures that are appropriate in the circumstances, while the objective of the financial statement audit is not for the purpose of expressing an opinion on the

effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements and the supplementary schedules.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements and the supplementary schedules referred to above present fairly, in all material respects, the financial position and the results of operations of Mitsubishi Electric Corporation for the period, for which the financial statements and the supplementary schedules were prepared, in accordance with accounting principles generally accepted in Japan.

Other Matter

Our firm and engagement partners have no interest in the Company which should be disclosed pursuant to the provisions of the Certified Public Accountants Law of Japan.

Notes to the Reader of Independent Auditor's Report:

The Independent Auditor's Report herein is the English translation of the Independent Auditor's Report as required by the Companies Act.

Audit Committee Report

The Audit Committee has conducted audits of the Directors and Executive Officers of the Company with regard to their performance of duties during the 147th fiscal period (April 1, 2017 to March 31, 2018). A report covering the methodology and findings of the audit follows.

1. Methodology and Scope of Audit

The Company's Audit Committee monitored and examined the content of resolutions of the Board of Directors related to matters set forth in Article 416, Paragraph 1, Item 1, Sections 2 and 5 of the Companies Act, as well as the structure of the Company's internal control system as set forth in the aforementioned resolutions. To this end, the Audit Committee received periodic reports from Directors, Executive Officers and employees regarding the content of the above resolutions, along with the constitution and operating effectiveness of the above-referred internal control system. The Audit Committee, where necessary, sought explanations and voiced opinions on these matters. At the same time, the Audit Committee conducted audits using the following methods.

(a) In accordance with its established policies and procedures and in collaboration with the divisions in charge of internal control, the Audit Committee attended important meetings, received reports on business activities from Directors and Executive Officers, sought explanations where necessary, perused documents pertaining to important decisions, and surveyed properly the condition of operations and assets at the Company's head office and key operational facilities. Where necessary, the Audit Committee sought reports on the operations and assets of subsidiaries.

(b) In addition to monitoring and examining the activities of the independent auditor to ensure that it maintains its independent position and that it conducts its auditing duties properly, the Audit Committee received reports from the Independent Auditor regarding the status of its activities and sought explanations when necessary. Furthermore, the Independent Auditor notified the Committee that it was adhering to "Quality Management Standards Regarding Audits" (Business Accounting Council of the Financial Services Agency, October 28, 2005) as it worked to improve its system "to ensure that its duties are properly executed," as stipulated in Article 131 of the "Company Accounting Regulations." The Committee sought explanations where necessary.

Based upon the above methods, the Audit Committee carefully examined the Business Report, the financial statements (balance sheets, statements of income, statements of changes in shareholders' equity and notes to non-consolidated financial statements) and the supplementary schedules for the fiscal year ended March 31, 2018.

2. Audit Results

(1) Results of the Audit of the Business Report and Supplementary Schedules

(a) The Business Report and Supplementary Schedules present fairly, in conformity with applicable laws and regulations and the Company's Articles of Incorporation, the conditions of the Company.

(b) In executing their duties, the Directors and Executive Officers have not made any significant transactions or actions deemed to be in contradiction of any laws or the Company's Articles of Incorporation.

(c) The content of the Board of Directors' resolutions related to internal control systems as set forth in Article 416, Paragraph 1, Item 1, Sections 2 and 5, of the Companies Act is adequate. Moreover, we find no issues of concern with regard to contents of the Business Report and the performance of Directors and Executive Officers in their duties related to internal control systems.

(2) Results of the Audit of Non-Consolidated Financial Statements and Supplementary Schedules

The procedures and report of the audit by the Independent Auditor, KPMG AZSA LLC, are adequate.
