## **Mitsubishi Electric Named to CDP Supplier Engagement Assessment Leaderboard**

*Fifth consecutive selection and eighth overall for climate-change collaboration with suppliers*

**TOKYO, July 8, 2025** – [Mitsubishi Electric Corporation](https://www.mitsubishi-electric.com) (TOKYO: 6503) announced today that its environmental efforts related to supply chains have earned the company designation in the 2024 “Supplier Engagement Assessment Leaderboard,” the highest ranking in the CDP Supplier Engagement Assessment program operated by CDP,\* an international non-profit organization that supports environmental disclosure. This is the fifth consecutive year since 2020 and eighth time in which Mitsubishi Electric has earned a top ranking for excellent actions and strategies to reduce greenhouse gas emissions and climate-change risks throughout its supply chain.

The Supplier Engagement Assessment evaluates how effectively companies engage their suppliers on climate change. Companies that receive top appraisals are named in the “Supplier Engagement Assessment Leaderboard.”

Mitsubishi Electric, which has positioned sustainability as a cornerstone of its business, management philosophy and the company’s Environmental Sustainability Vision 2050,\*\* aims to achieve net-zero greenhouse gas (GHG) emissions at its factories and offices by the fiscal year ending March 31, 2031 and throughout its entire value chain by the fiscal year ending March 31, 2051.

Mitsubishi Electric, in cooperation with its suppliers, will continue to contribute to realization of sustainable global environment throughout the global value chains, energy-saving products and systems, and cutting-edge infrastructure.

### **About CDP**

CDP evaluates environmental initiatives of corporations and governments with the endorsement of more than 700 investors managing worldwide funds totaling USD 142 trillion. After distributing questionnaires on activities that impact Climate Change, Water Security and Forests, CDP then evaluates the data and announces the results. The latest evaluation, which includes eight ranks from A to D-, received responses from more than 22,700 companies, of which approximately 2% received the top A rank. In this evaluation, Mitsubishi Electric has also been recognized as an “A List” company for Climate Change and Water Security activities, respectively.\*\*\*

The Supplier Engagement Assessment program uses a company’s existing response to the CDP Climate Change questionnaire to assess selected questions of 4 items on governance, targets, scope 3 emissions, and value chain engagement.
