

Addition of the Rating Plate (High Power Factor Converter) for the FR-A800 Series (FR-A842M) Inverters

Thank you for your continued patronage of Mitsubishi Electric drive control products.
 For the FR-A800 series (FR-A842M) inverters, the rating plate will be added to support the inverter/converter switching function.

1. Products Affected

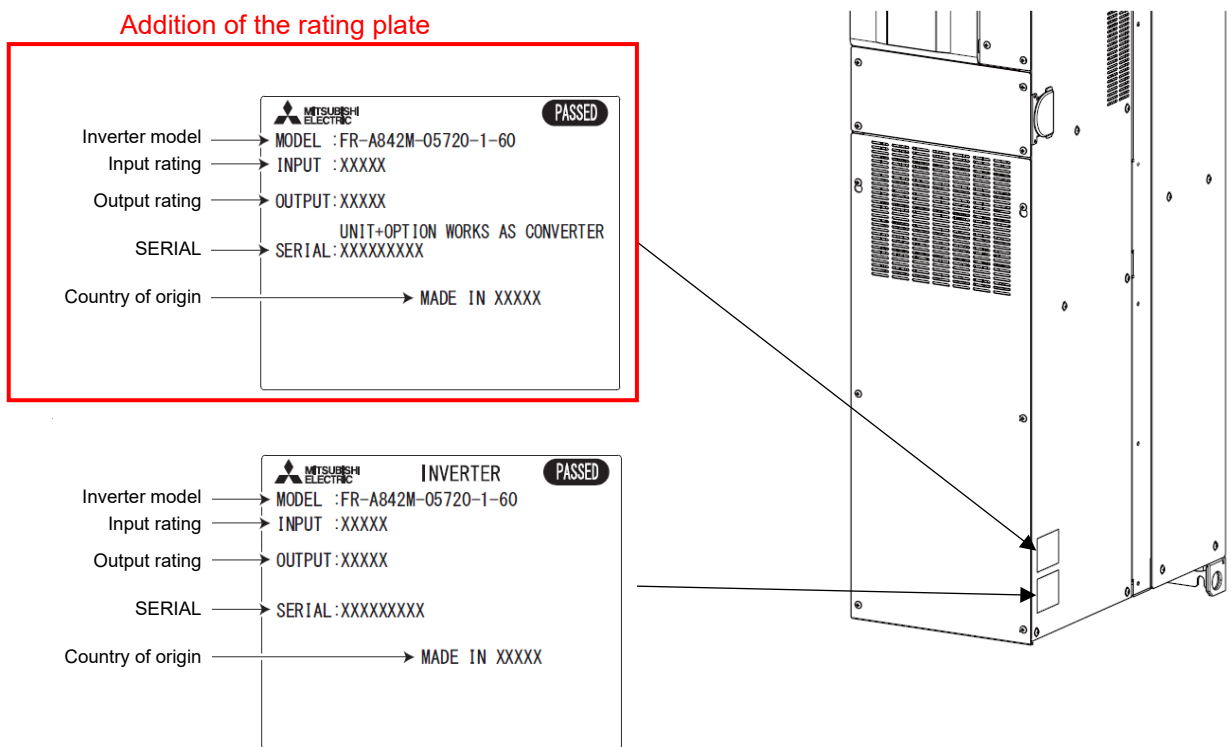

FR-A842M-05720(280K), FR-A842M-07260(355K), FR-A842M-09080(450K), FR-A842M-10160(500K)

2. Details of Change

The products will support the inverter/converter switching function.

For details, refer to the New Product RELEASE No.25-4E.

As a result, the rating plate for use as the high power factor converter will be added.

3. Date of Change

The change will be sequentially applied to the products manufactured in April 2026 or later.

4. Product Identification

The products can be identified visually.
