

MITSUBISHI ELECTRIC Inverter

Sales and Service

No. 863E

KC Mark Added to the FR-E800-EPC Inverters

Thank you for your continued patronage of Mitsubishi Electric drive control products.
The KC mark will be added to the products certified as compliant with the KC certification.

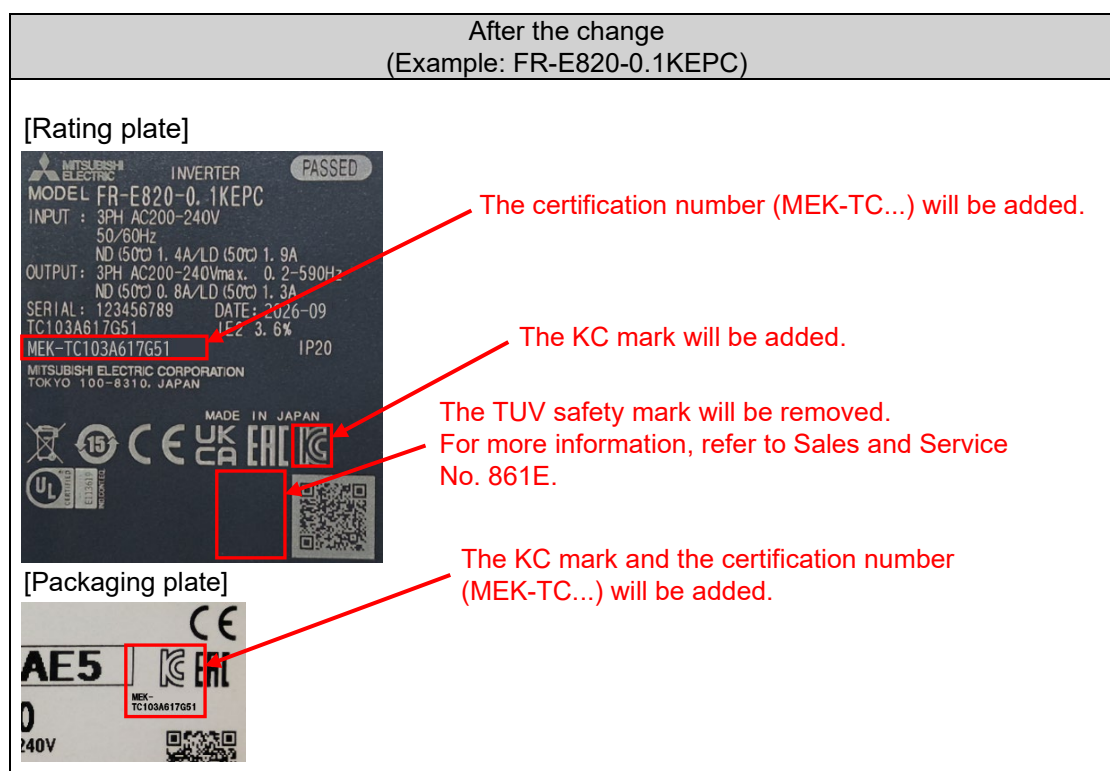

1. Products Affected

FR-E800-EPC (E820/E840/E820S/E860)

2. Details of Change

The KC mark will be added due to the compliance with the KC certification. The change does not affect the quality, performance, or specifications of the product.

The TUV safety mark will be removed at approximately the same time. For more information, refer to Sales and Service No. 861E.

3. Date of Change

Country of origin	Date of change
MADE IN JAPAN	The change will be sequentially applied to the September 2026 production or later.
MADE IN CHINA	The change will be sequentially applied to the October 2026 production or later.

4. Product Identification

The products can be identified visually.
