

Specification change of front bar for 400A frame MCCBs and ELCBs

We would like to inform that we will change the specification of front bar for 400A frame MCCBs and ELCBs.

1. Types

W&WS series front connection type 400A frame.

Molded Case Circuit Breakers	NF400-CW/SW/SEW/HEW/REW/UEW NF400-SEW/HEW with MDU
Earth Leakage Circuit Breakers	NV400-CW/SW/SEW/HEW/REW

DSN-type switch will also change. UL489 listed products will not change.

2. Content of change

To delete the “4AL” mark engraved on the front bar.

Before	After
<div style="text-align: center;"> <p><u>Ex.) NF400-CW 3P</u></p> <p><u>“4AL” engraved on front bar</u></p>  </div>	<div style="text-align: center;"> <p><u>Nothing engraved on front bar</u></p>  </div>

3. Reason for change

In accordance with the change in IEC6047-2 Ed4.2 to Ed.5.1, the “Al” mark has been added to the aluminum conductors. Therefore the “4AL” mark will be deleted for avoiding the confusion.

4. Time of change

From production in May 2021.

Please bear in mind that the exact start of production may change due to the stock condition.
