

Specification change of load side terminals for 800A ELCB

We would like to inform that we will change the specification of load side terminals for 800A ELCB.

1. Types

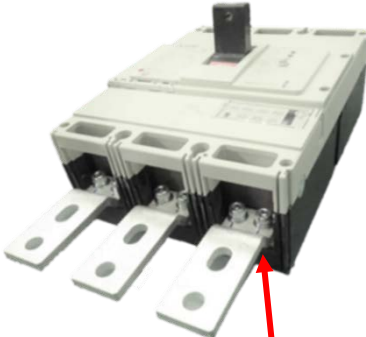

Earth Leakage Circuit Breakers	NV800-SEW/HEW
--------------------------------	---------------

MDU breakers will also change.

2. Content of change

To change material and plating of load side terminals (left and right poles).

There is no change in product characteristics by specification change.

	Before	After
<p>Ex.) NV800-SEW 3P Front connection type</p>  <p>Load side terminals</p> <p><u>With busbar terminal</u></p>	<p>Load side terminals (left and right poles)</p>  <p>Material: Copper Plating: Silver</p> <p><u>Without busbar terminal</u></p>	 <p>Material: Aluminum Plating: Tin</p> <p><u>Without busbar terminal</u></p>

3. Reason for change

To improve productivity.

4. Time of change

From production in June 2021.

Please bear in mind that the exact start of production may change due to the stock condition.
