

Indication change of ACB

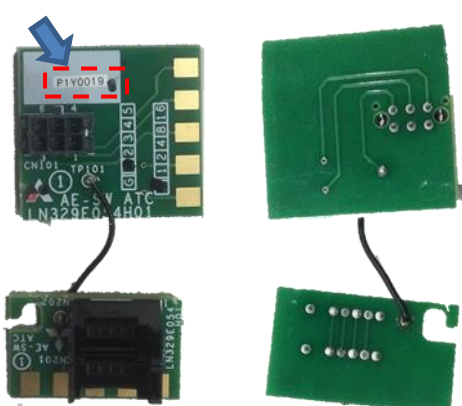

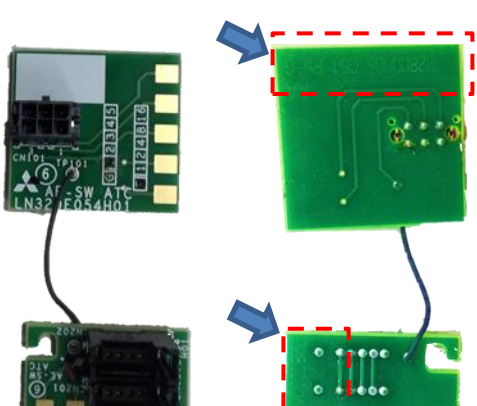

We would like to inform that we will change the indication for ACB.

1. Types

EX1-W : Extension module for parts sales

2. Content of the change

2.1 The lot number notation on the circuit board will be changed.

Before the change	After the change
<p>Indication method: Label Indication location: Front side(One place)</p> 	<p>Indication method: Laser marking Indication location: Back side(Two places)</p> 

2.2 The identification mark "T" added to the packaging case label when some of the attached parts were changed in 2008 will be abolished.

Before the change	After the change
<p>With identification mark</p> 	<p>Without identification mark</p> 

3. Reason for change

1. In order to improve productivity.
2. Because some time has passed since the change and the identification mark is no longer needed.

4. Time of change

From production in November 2022.
