

**Change of Specification for FA Series Korea Certification Mark**

We inform that we will change the Korea Certification Mark contents of the FA series circuit breakers as follows.

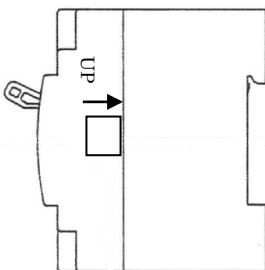

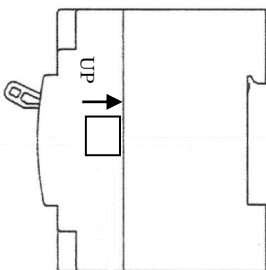

**1. Applicable Types**

MCCB	ELCB
NF30-FA, NF50-FA, NF30-FAU, NF50-FAU	NV30-FA, NV50-FA, NV30-FAU, NV50-FAU

**2. Contents of the change**

Added voltage and Rated short-circuit breaking capacities to Korea Certification Mark label.

ex. NV30-FAU 2P 5A 30mA

Before Change	After Change
<p>Label position</p>  	<p>Label position</p>  

**3. Time of change**

The change will start from Fukuyama Works shipment in November, 2022.
