

LOW VOLTAGE CIRCUIT BREAKER

SALES & SERVICES

NO. YAMA510

TYPEs: MCB, MCCB, ELCB, ACB

Production discontinuation of MCB,MCCB,ELCB and accessories for ACB

We would like to inform that we will discontinue MCB,MCCB,ELCB and accessories for ACB as follows.

1. Types

(1) China

| Series | Division | Type・Specification | Model・Specification |
|--------|------------------------|---|---|
| BH/BV | MCB | BV-DN 2P(1+N) | Over voltage protection (280V \pm 5%) |
| KC | MCCB | NF60-KC 2P,3P | CE marking (For Hong Kong) |
| KC | ELCB | NV60-KC 3P | CE marking (For Hong Kong) |
| KC | ELCB | NV60-KCM 2P | Mag Only (For Hong Kong) |
| WS | Accessories For ACB | UVT-D250B-W UVT-D250B-W(05) UVT-D250B-W(30) | UVT DC220-250V (Contains Time delay) LSP-N1182 (For MEACH) |

(2) Malaysia

| Series | Division | Type | Specification |
|--------|----------------|----------------------------------|---|
| WS | ETR For ACB | WB1NA-P0 WB2NA-P0 WB3NA-P0 | Relay type WB LSP-N1199 (For Malaysia) |

(3) Australia

| Series | Division | Type・Specification | Model・Specification |
|--------|------------------------|--|--|
| WS | ACB & Accessories | AE2000-SW~AE3200-SW 3P Drawout type(DR-FV) SHT(AC415V) SHT(DC20V) | Connection type DR-FV With 2pieces of SHT HAX should be less than 4A5B LSP-N1208 (For Energy Australia) |
| WS | Accessories For ACB | UVT-D250B-W UVT-D250B-W(05) UVT-D250B-W(30) | UVT DC220-250V(Contains Time delay) LSP-N1183 (For ME-AUST) |

(4) Europe

| Series | Division | Type | Specification |
|--------|------------------------|---|---|
| WS | Accessories For ACB | UVT-D250B-W UVT-D250B-W(05) UVT-D250B-W(30) | UVT DC220-250V (Contains Time delay) LSP-N1181 (For MEU-GER) |

2. Reason for the change

Due to the discontinuation of production of materials and electronic parts, the deterioration of production facilities, and the productivity improvement through standardization of specifications.

3. Alternative model and the time of change

(1) MCB, ELCB, MCCB, ACB

| Series | Division | Discontinued model | | Alternative model | Order stop | Discontinuation |
|--------|-------------------|--|---|------------------------------------|----------------------|-------------------|
| | | Type・Specification | Model・Specification | | | |
| BH/BV | MCB | BV-DN 2P(1+N) | Over voltage protection (280V \pm 5%) | Nothing | End of December 2025 | End of March 2026 |
| KC | MCCB | NF60-KC 2P,3P | (For Hong Kong) | NF63-CV 2P,3P | | |
| KC | ELCB | NV60-KC 3P | (For Hong Kong) | NV63-CV 3P CE | | |
| KC | ELCB | NV60-KCM 2P | Mag Only (For Hong Kong) | NV63-CV 2P CE | | |
| WS | ETR For ACB | WB1NA-P0 WB2NA-P0 WB3NA-P0 | Relay type WB LSP-N1199 | IEC 60947-2 Annex L Type LSP-N1394 | | |
| WS | ACB & Accessories | AE2000-SW~AE3200-SW 3P Drawout type(DR-FV) SHT(AC415V) SHT(DC20V) | Connection type DR-FV With 2pieces of SHT HAX should be less than 4A5B LSP-N1208 (For Energy Australia) | Nothing | | |

(2) Accessories

| Series | Division | Discontinued model | | Alternative model | Order stop | Discontinuation |
|--------|---------------------|---|---|-------------------|----------------------|-------------------|
| | | Type | Specification | | | |
| WS | Accessories For ACB | UVT-D250B-W UVT-D250B-W(05) UVT-D250B-W(30) | UVT DC220-250V (Contains Time delay) LSP-N1181 LSP-N1182 LSP-N1183 | Nothing | End of December 2025 | End of March 2026 |
