

**Notice Regarding the Deletion of Side Terminal Number Markings
for the Magnetic Contactors / Magnetic Starters MS-N Series**

1. Applicable models

Please refer to Table 1 for details regarding the applicable models.

Table1. Applicable models

Magnetic Contactors	Mechanically Latched Magnetic Contactors	NC Main Contact Magnetic Contactors	Magnetic Contactors for DC	Optional Unit (Auxiliary Contact Unit)
S(D)-(2X)N125	SL(D)-(2X)N125	B(D)-N100	DU(D)-(2X)N60	UN-AX600
S(D)-(2X)N150	SL(D)-(2X)N150		DU(D)-(2X)N120	
S(D)-(2X)N180	SL(D)-(2X)N220		DU(D)-(2X)N180	
S(D)-(2X)N220	SL(D)-(2X)N300		DU(D)-(2X)N260	
S(D)-(2X)N300	SL(D)-(2X) N400			
S(D)-(2X)N400	SL(D)-(2X)N600AB ^{Note2}			
S(D)-(2X)N600AB ^{Note2}	SL(D)-(2X)N800AB ^{Note2}			
S(D)-(2X)N800AB ^{Note2}				

- Note1: These models include special specification models with suffixes such as “QM”, “DL”.

- Note2: For models S(D)-(2X)N600AB/N800AB and SL(D)-(2X)N600AB/N800AB,
the terminal number markings on the auxiliary contact unit UN-AX600 will be removed. (See Table 2.)

- Note3: Magnetic Starters (MSO(D)-N□□) that based on Contactors (S(D)-N□□) are also included in the scope.

2. Details of Change

Deletion of terminal number markings on side of products, as shown in Table 3.

- Note4: Terminal numbers remain indicated on the front rating nameplate, as shown in Figure 1, 2.

3. Reason for Modification

For improving productivity.

4. Compatibility

Compatible.

5. Distinction

Appearance.

6. Effective Date

From August 2026 production and thereafter.

Issue date: February, 2026	MITSUBISHI ELECTRIC CORPORATION FUKUYAMA WORKS, KANI FACTORY 3-5 HIMEGAOKA KANI CITY GIFU PREF. 509-0249 JAPAN
