# Discontinuation of Screw Painting for Magnetic Contactors and Live Part Protection Covers

We sincerely appreciate your continued support and patronage of Mitsubishi Electric magnetic starters.
This is to inform you that the screw specifications of the following models will be changed.

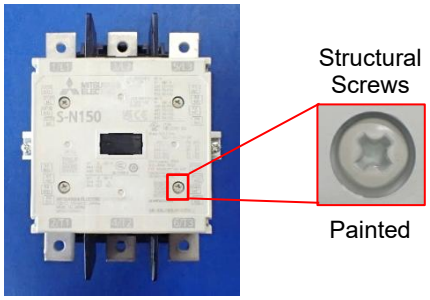

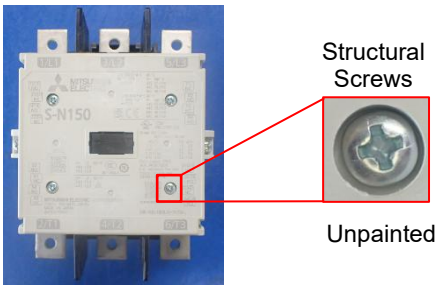

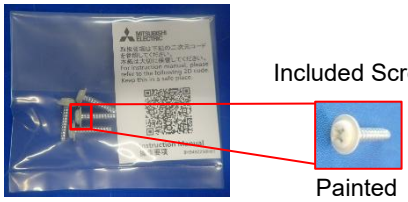

## 1. Applicable Models

Please refer to Appendix 1.

## 2. Details of Change

As shown in Table 1, screw painting will be discontinued.

**Table 1 : Details of Change**

| | Before Change | After Change |
|---|---|---|
| Magnetic Starter Magnetic Contactor (Structural Screw) Note 1 |  |  |
| Live Part Protection Cover (Included Screw) |  |  |

Notes:

1. S-N150 is shown as a representative model.
2. Do not remove the applicable structural screws, except when attaching the live part protection cover.

## 3. Reason for Change

Due to difficulties in procuring the paint and the need to ensure stable supply in the future.

## 4. Compatibility with Existing Products

This change will have no impact on the functions or performance of the products.

## 5. Identification

Visual inspection

## 6. Effective Date

From February 2027 production.

Note: The timing may vary depending on inventory status.

Appendix 1: Applicable Models

| Type | | Models [Note 1] |
|---|---|---|
| AC Operated Magnetic Contactors [Note 2] | Non-Reversing | S-N125, S-N150, S-N180, S-N220, S-N300, S-N400 |
| | Reversing | S-2XN125, S-2XN150, S-2XN180, S-2XN220, S-2XN300, S-2XN400 |
| DC Operated Magnetic Contactors [Note 2] | Non-Reversing | SD-N125, SD-N150, SD-N220, SD-N300, SD-N400 |
| | Reversing | SD-2XN125, SD-2XN150, SD-2XN220, SD-2XN300, SD-2XN400 |
| AC Operated Mechanically Latched Magnetic Contactors [Note 2] | Non-Reversing | SL-N125, SL-N150, SL-N220, SL-N300, SL-N400 |
| | Reversing | SL-2XN125, SL-2XN150, SL-2XN220, SL-2XN300, SL-2XN400 |
| DC Operated Mechanically Latched Magnetic Contactors [Note 2] | Non-Reversing | SLD-N125, SLD-N150, SLD-N220, SLD-N300, SLD-N400 |
| | Reversing | SLD-2XN125, SLD-2XN150, SLD-2XN220, SLD-2XN300, SLD-2XN400 |
| AC Operated NC Main Contact Magnetic Contactors | | B-N100 |
| DC Operated NC Main Contact Magnetic Contactors | | BD-N100 |
| AC Operated Magnetic Contactors for DC | Non-Reversing | DU-N120, DU-N180, DU-N260 |
| | Reversing | DU-2XN120, DU-2XN180, DU-2XN260 |
| DC Operated Magnetic Contactors for DC | Non-Reversing | DUD-N120, DUD-N180, DUD-N260 |
| | Reversing | DUD-2XN120, DUD-2XN180, DUD-2XN260 |
| Live Part Protection Cover | | UN-CV2200, UN-CV3000, UN-CV2201, UN-CV3001 |

Notes:

1. The following specification changes apply to some models with suffixes such as “QM”, “YS”.
2. Magnetic starters (MS(O)(L)(D)-(2X)N□) using the applicable magnetic contactors are also included.
