Change in Contents of Manuals Included with FX5-40SSC-S/FX5-80SSC-S and FX5-40SSC-G/FX5-80SSC-G

Thank you for your continued patronage of the Mitsubishi Electric AC servo system.
The contents of the manuals included with Simple Motion module FX5-40SSC-S/FX5-80SSC-S and Motion module FX5-40SSC-G/FX5-80SSC-G will be changed.

1. Target Model

Simple Motion module FX5-40SSC-S/FX5-80SSC-S
Motion module FX5-40SSC-G/FX5-80SSC-G

* Products derived from the above models are also subject to the change.

2. Reason for the Change

Precautions for UL/cUL standard compliance for the above models, along with precautions for startup and maintenance, will be added to the included manuals.

3. Details of the Change

The following notes will be added, and this change does not affect the general specifications, performance specifications, functions, and dimensions of the products.

- Use an external power supply that satisfies the Safety Extra Low Voltage (SELV) and is compliant with Limited Energy Circuit (LIM) or UL 1310 Class 2.
- Use a clean and dry cloth to wipe off dirt on the module.

4. Schedule

This change will be made sequentially from the March 2026 production.

There may be cases where both the former and new products exist in the distribution stage.
