Production Discontinuation of Personal Computer Embedded Type Servo System Controller CC-Link IE Field Network-Compatible Simple Motion Board

Thank you for your continued patronage of the Mitsubishi Electric AC servo system. The personal computer embedded type servo system controller CC-Link IE Field Network-compatible Simple Motion board has been on the market for a long time. However, we will discontinue its production as scheduled below.

1. Target Model

Table 1. Models to be discontinued

Product name	Model
Simple Motion board	MR-EM340GF
MELSOFT EM Software Development Kit	SW1DND-EMSDK-B

* The production of the special models derived from the models in Table 1 will also be discontinued.

2. Reasons for Discontinuation

We have difficulty in obtaining some components for the relevant models. Thus, we presume that the production of the models will not be continued smoothly.

3. Production Discontinuation

Transition to made-to-order production: March 31, 2027

Order acceptance: March 31, 2028

Production discontinuation: March 31, 2029

* The CE marking will be removed from the MR-EM340GF because it does not comply with the EU Cyber Resilience Act (CRA). In conjunction with the removal of the CE marking, the UKCA marking will also be removed. The orders received by Mitsubishi Electric on or after April 2027 will be supplied without the CE marking and UKCA marking. For details, refer to "Change in Packaging Labels and Rating Plates due to Enforcement of EU Cyber Resilience Act" (No. 26-21E).

* The last shipment will be on March 31, 2029. If the requested delivery date is close to the end of production, contact your local sales office.

4. Repair Acceptance

Repair acceptance: Through March 31, 2036 (for seven years after the production discontinuation)

* Repairs may not be possible once the component inventory is exhausted.

Date of issue	April 2026 (Revision: August 2026)	Title	Production Discontinuation of Personal Computer Embedded Type Servo System Controller CC-Link IE Field Network-Compatible Simple Motion Board	Mitsubishi Electric Corp., Nagoya Works 1-14, Yada-minami 5-chome, Higashi-ku, Nagoya 461-8670 Tel.: +81 (52) 721-2111 Main line

5. Replacement Model

Please consider replacing Simple Motion board MR-EM340GF with Motion Control Software SWM-G or Motion control board MR-EM441G. However, these replacement models are not compatible with MR-EM340GF and differ in specifications from it. Contact the distributor or your local Mitsubishi Electric sales office for details.

Table 2. Replacement model

Model to be discontinued		Replacement model		Remarks
Product name	Model	Product name	Model	
Simple Motion board	MR-EM340GF	Motion Control Software	SWM-G	-
		Motion control board	MR-EM441G	-
MELSOFT EM Software Development Kit	SW1DND-EMSDK-B	MELSOFT EM Motion SDK	SW1DND-EMMSDK-B	MELSOFT EM Motion SDK is used with Motion control board MR-EM441G.

Revision

Version	Date of issue	Revision
A	August 2026	Added information regarding the EU Cyber Resilience Act (CRA).
