[Title] Changing description for the element selection and model name on GXWorks3 screen of MELSEC iQ-R series Energy Measuring Module

[Date of Issue] August2018

[Relevant Models] RE81WH

Thank you for your continued support of Mitsubishi Electric programmable controllers, MELSEC iQ-R series. This bulletin informs change of description for the element selection and model name on GXWorks3 screen of MELSEC iQ-R series Energy Measuring Module.

1. Relevant Models

| Product | Model |
|-------------------------|--------|
| Energy Measuring Module | RE81WH |

2. Overview

As we changed specifications of RE81WH, expression of element selection and model name on the GXWorks3 screen will be changed as shown below.

| Item | Before | After |
|-------------------|-----------------|-------------------------|
| Element selection | Partner product | Energy Measuring Module |
| Model name | L00RE81WH | RE81WH |

Note: It is available to use even mixed module before and after changing.

3. Changeover period

We will implement this change for the product shipped from November 2018. Note that shipping schedule varies according to stock status.

4. Details

Details as shown below.
