[Title] Changes in License Key Appearance (GT15-SGTKEY-U) for GT SoftGOT1000

[Date of Issue] December 2007 (Ver. A: September 2015)

[Relevant Models] GOT1000 Series

Thank you for your continued support of Mitsubishi Graphic Operation Terminal (GOT).

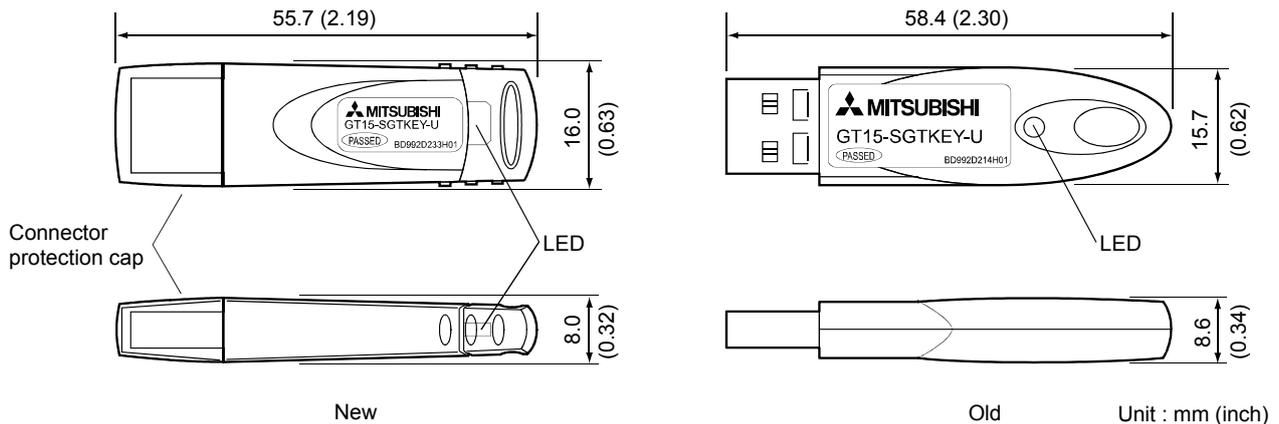

The external appearance of the GT15-SGTKEY-U (for USB port) for GT SoftGOT1000 will be changed.

1. Changes in license key appearance (GT15-SGTKEY-U)

The color of the license key is changed from purple to black, and the LED status becomes easy to see compared to the old license key.

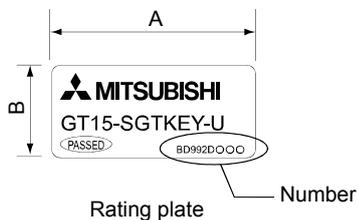

The new license key has a connector protection cap.

No electric performance specifications are changed compared to the old license key, and you do not have to change the operating environment of GT SoftGOT1000.

<How to check appearance type>

For the appearance type, check the rating plate as follows.
