[Title] Change of the D-sub connector of the RS-422 Conversion Unit (GT15-RS2T4-9P)

[Date of Issue] July 2012

[Relevant Models] GOT1000 Series GT15-RS2T4-9P

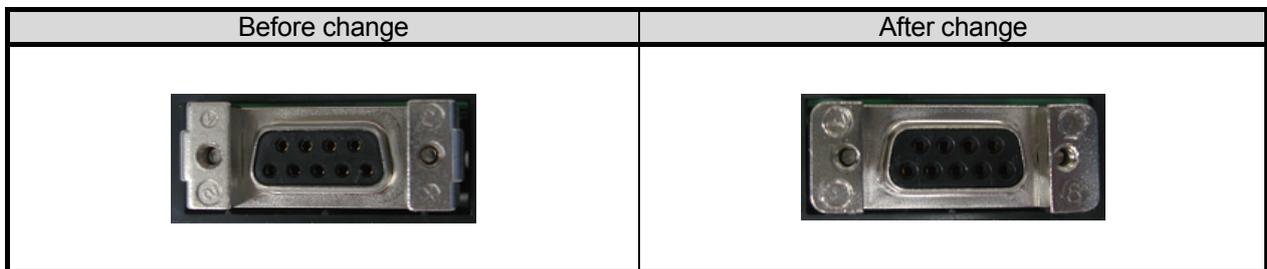

Thank you for your continued support of Mitsubishi Graphic Operation Terminal (GOT).

For the GOT1000 series RS-422 conversion unit (GT15-RS2T4-9P), to improve the availability of its part, the D-sub connector has been changed.

Though the shape of the D-sub connector has been changed, the function and others of the RS-422 conversion unit have not been changed.

1. Change

The appearance of the D-sub connector is changed.

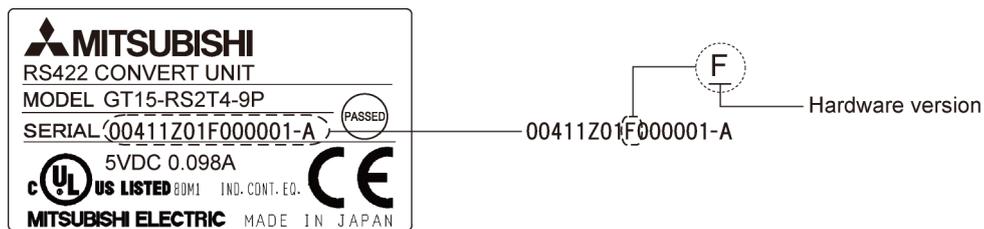

2. How to identify the product with the new D-sub connector

The following hardware version and later apply to the product with the new D-sub connector.

Model	Hardware version
GT15-RS2T4-9P	F

The following shows how to check the hardware version.
