[Title] Changes in License Key Appearance for GT SoftGOT2000 and GT SoftGOT1000

[Date of Issue] September 2015

[Relevant Models] GOT2000 Series, GOT1000 Series

Thank you for your continued support of Mitsubishi Graphic Operation Terminal (GOT).

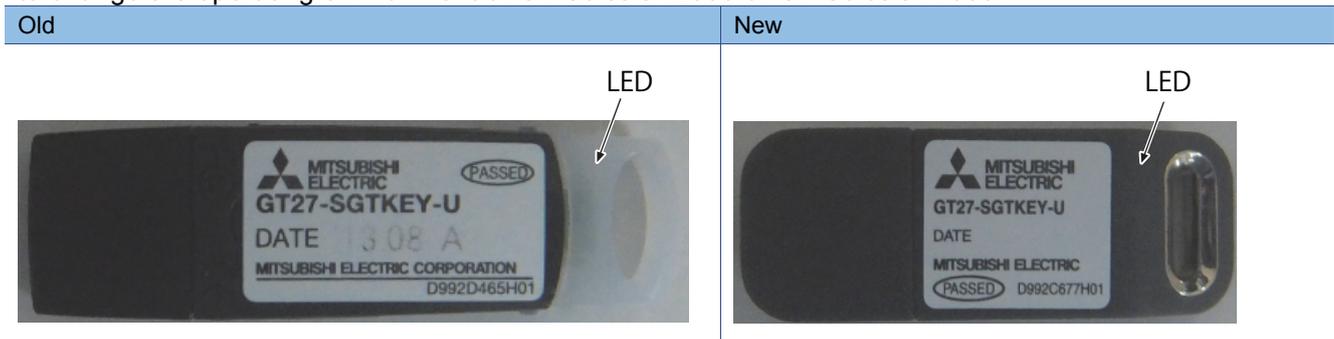

The appearance and rating plate of the USB license key (GT27-SGTKEY-U) for GT SoftGOT2000 and the USB license key (GT15-SGTKEY-U) for GT SoftGOT1000 will be changed.

1. Changes in license key appearance (GT27-SGTKEY-U, GT15-SGTKEY-U)

The license key becomes shorter, and the color of the license key is changed from black to gray.

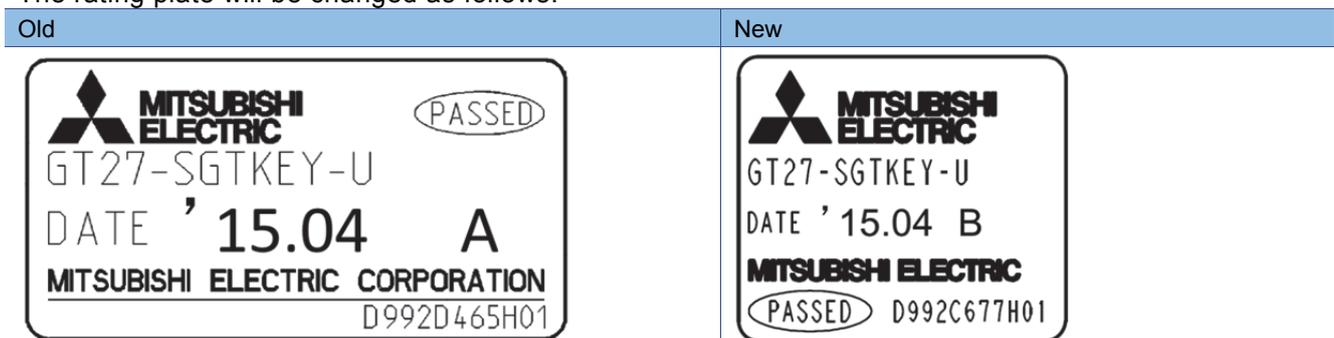

In addition, the LED color is changed from green to red and the LED location is changed.

No electric performance specifications are changed compared to the old license key, and you do not have to change the operating environment of GT SoftGOT2000 or GT SoftGOT1000.

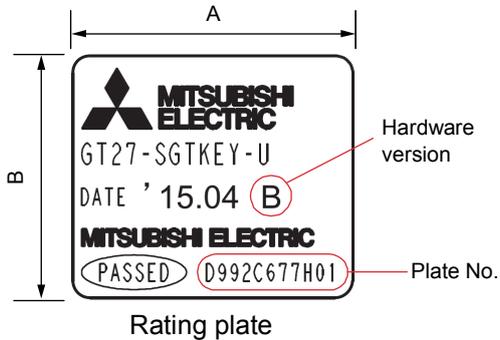

2. Changes of the rating plate

The rating plate will be changed as follows.

3. How to identify the new license key

You can identify the new license key by checking the rating plate (plate number and hardware version) as shown below.
