[Title] Change of the Liquid Crystal Display for a GT27 Model

[Date of Issue] June 2016

[Relevant Models] GOT2000 Series

Thank you for your continued support of Mitsubishi Graphic Operation Terminal (GOT).

Affected by the Kumamoto Earthquake, we have shipped a GT27 model for which the liquid crystal display (LCD) is temporarily changed based on our company's BCP^{*1}.

*1 BCP: Business Continuity Plan

1. Target product

GT2710-STBA

(GOT2000 series GT27 model, 10.4" SVGA, AC power supply)

2. Details of change

The LCD of the target product is changed.

3. How to check the target product

The target product has function version B.

The following shows how to check the function version.

■1. Rating plate (GOT rear face)

Check the rating plate for the function version.

[Issue No.] GOT-A-0098

■2. Packing box

Alternatively, check the label on the packing box for the function version.

The conforming standards (such as CE) are described.*¹

*1 Note that the position of the label varies with the shipment date.
