[Title] Changing the LCDs of the GT25 and GT27 models for Overseas

[Date of Issue] June 2019

[Relevant Models] GOT2000 Series

Thank you for your continued support of Mitsubishi Electric Graphic Operation Terminal (GOT). We will change the LCDs of the 15-inch and 12.1-inch GT25 and GT27 models due to the discontinuation of the current LCDs.

The hardware versions of the GOT models will be changed accordingly.

This change does not affect the general specifications, performance specifications, functions, and external dimensions of the GOTs.

1. Models affected

The following shows the models affected and their hardware versions after the LCD change.

2. Details of the change

The LCDs will be changed.

The hardware versions of the GOTs will be changed accordingly.

3. Schedule

The LCDs will be changed sequentially as follows.

- For 15-inch GOTs: From the June 2019 production
- For 12.1-inch GOTs: From the July 2019 production

There may be cases where both GOTs with the former LCDs and with the new LCDs exist in the distribution stage.

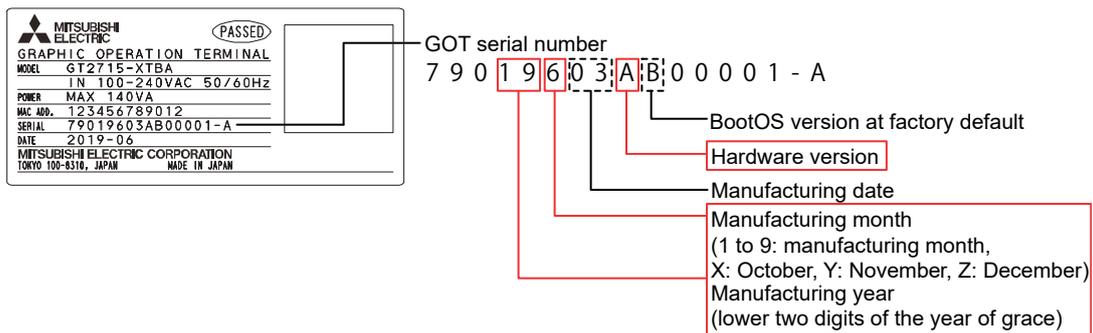

4. How to identify the GOTs with the new LCDs

The following GOTs are affected.

- 15-inch GOTs: Manufactured in June 2019 or later, with the specified hardware versions or later (see Table 1)
- 12.1-inch GOTs: Manufactured in July 2019 or later, with the specified hardware versions or later (see Table 1)

All GOTs will have the new LCDs, starting from 2020.

Check the rating plate of the GOT for its hardware version and the date of manufacture.
