Changing the LCD (Display Device) of the GT27 and GT25 Models

■Date of Issue

January 2023

■Relevant Models

GOT2000 Series

Thank you for your continued support of Mitsubishi Electric Graphic Operation Terminal (GOT).
 We will change a part of the LCD (display device) used for the 10.4-inch GT25 and GT27 models.
 The hardware versions of these models will be changed accordingly.
 This change does not affect the general specifications, performance specifications, functions, and external dimensions of the GOTs.
 However, colors on the LCD and display characteristics may be slightly different.
