GOT-A-0255-A

LCD (Display Device) Change for GT2103 Models and the Corresponding GT Designer3 (GOT2000) Versions

■Date of Issue

September 2025

■Relevant Models

GOT2000 Series

Thank you for your continued support of Mitsubishi Electric Graphic Operation Terminal (GOT).

This bulletin informs you that the LCD (display device) will be changed and the hardware version will be updated from C to D for some GT2103 models.

The following describes the GT Designer3 (GOT2000) versions compatible with the GOT hardware version D.

This change does not affect the general specifications, product specifications, functions, and external dimensions of the GOTs.

However, colors on the LCD and display characteristics may be slightly different.

1 Applicable models and details of the change

GOT		Details	Remarks
Model	Model name		
GT2103	GT2103-PMBDS2 GT2103-PMBLS	Change of the LCD	Hardware version will be updated from C to D.

2 GT Designer3 (GOT2000) version

GT Designer3 (GOT2000) versions earlier than 1.325P are incompatible with the updated GOT hardware version D.

Use GT Designer3 (GOT2000) version 1.325P or later.

To obtain GT Designer3 (GOT2000), contact your local distributor.

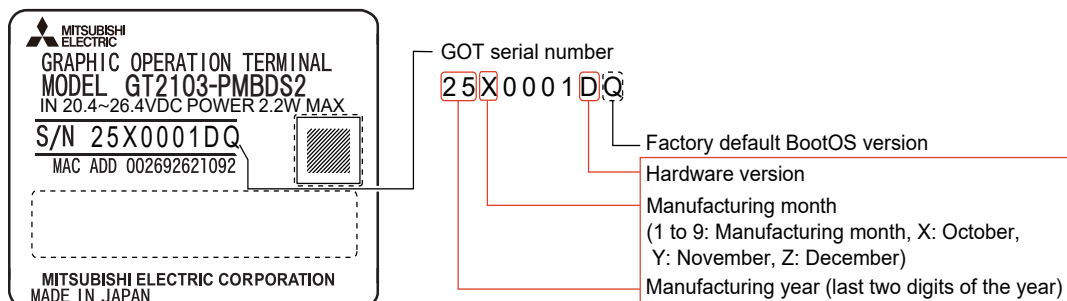

2.1 Applicable models and GT Designer3 (GOT2000)

○: Usable, ×: Not usable

GT Designer3 (GOT2000) version	Hardware version of the applicable models	
	C or earlier	D or later
Earlier than 1.325P	○	×
1.325P or later	○	○

3 How to check the hardware version

The hardware version and the manufacturing month and year can be checked on the rating plate located on the GOT rear face.

4 Schedule

The hardware version of the applicable models will change to D from the October 2025 production.

There may be cases where both the former and new products exist in the distribution stage.
