

## Discontinuation of the Caution Label for Foreign Matter Contamination for the GOT2000 Series

■Date of Issue

February 2026

■Relevant Models

GOT2000 Series

---

Thank you for your continued support of Mitsubishi Electric Graphic Operation Terminal (GOT).

The caution label for foreign matter contamination affixed to the GOT2000 series will be discontinued.

This change does not affect the general specifications, product specifications, functions, and external dimensions of the GOTs.

			Neither extension interface nor auxiliary extension interface installed		
			Open frame models		
			GOT + GT15-J71GF12-T2		
			Extension interface not installed		

\*1 There may be cases where both the former and new products exist in the distribution stage.

## 2 Details of the change

The caution label for foreign matter contamination affixed to the product will be discontinued.

The photo shows the GT2510-VTBD.

The size and position of the label depend on the GOT model.

## 3 How to check the affected products

Products manufactured in March 2026 and later are applicable.

Check the rating plate for the manufacture month and year.
