LCD (Display Device) Change for GT27 and GT25 Models

■Date of Issue

October 2025

■Relevant Models

GOT2000 Series

Thank you for your continued support of Mitsubishi Electric Graphic Operation Terminal (GOT).

We will change the LCD (display device) used for the 8.4-inch GT27 and GT25 models.

The hardware versions will also be changed accordingly.

This change does not affect the general specifications, product specifications, performance, and external dimensions of the GOTs.

However, colors on the LCD and display characteristics may be slightly different.
