

Withdrawal of the CCC and BSMI Certification of MELIPC MI2000 Series

■Date of Issue

June 2026

■Relevant Models

MI2012-W, MI2012-W-CL

Thank you for your continued support of Mitsubishi Electric industrial PC, MELIPC series.
We will withdraw the CCC and BSMI certification of MELIPC MI2000 series.

1 OVERVIEW

We have always obtained CCC and BSMI certification for MELIPC MI2000 series, but will withdraw it.

Type	Description
CCC certification	CCC is an abbreviation for China Compulsory Certification. This is a certification system in China for the purpose of protecting consumers and ensuring safety in China. It is related to export, distribution, and sale of products to China.
BSMI certification	A safety and EMC certification issued by Bureau of Standards, Metrology and Inspection in Taiwan. This certification verifies the compatibility with Commodity Inspection Act. It is related to export, distribution, and sale of products to Taiwan.

2 RELEVANT MODELS AND EXPIRATION DATES

The following shows the relevant models and expiration dates of certification.

Product	Model	Expiration date	
		CCC certification	BSMI certification
MELIPC MI2000	MI2012-W MI2012-W-CL	July 11, 2028	November 24, 2027

After the expiration dates, the certification will be revoked for all relevant models including those on the market.

3 CHANGES IN PRODUCTS

Products shipped after withdrawal of the CCC certification will no longer have the CCC marks on the rating plates.

Note that the general specifications, performance specifications, functions, and external dimensions of products remain unchanged with this change.

There is no change on products due to the withdrawal of the BSMI certification because the expiration date is after the discontinuation of production.

Point

After the expiration dates, the certification will also be revoked for products with the CCC and BSMI certification marks on the rating plates.
