

## Change of Network-related Terminology

**■Date of Issue**

January 2023

**■Relevant Models**

Products corresponding to CC-Link IE TSN, CC-Link IE Field Network, CC-Link IE Field Network Basic, CC-Link, and AnyWireASLINK

Thank you for your continued support of Mitsubishi Electric FA products.

This technical bulletin informs you that the terminology used for the products related to CC-Link IE TSN, CC-Link IE Field Network, CC-Link IE Field Network Basic, CC-Link, and AnyWireASLINK will be changed.

### 1 REASONS FOR THE CHANGE

CC-Link Partner Association and Anywire Corporation have been changing their terminology. Along with this, our company will review the network-related terminology used in the relevant catalogs, manuals, engineering tools, and websites.

### 2 SUBJECT TO REVISION

Catalogs, manuals, engineering tools (terms displayed on the setting windows and other windows), and websites

### 3 DETAILS ON THE CHANGE

The network-related terminology will be changed as follows.

Network	Before change	After change
CC-Link IE TSN	Slave	Device
CC-Link IE Field Network	Slave	Device
CC-Link IE Field Network Basic	Slave	Remote
CC-Link	Slave	Device
AnyWireASLINK	Slave	Remote

### 4 PRECAUTIONS

Revision date will differ depending on the subject to revision, thus terminology may be inconsistent among the revision targets. In this case, please replace the terminology with that in the above table.

There is no impact on your equipment or programs due to the change.

FA-A-0394-A
