Change in Indication of Place of Origin for the FX Configurator-FP

■Date of Issue

September 2025

■Relevant Models

SW1D5C-FXSSC-J, SW1D5C-FXSSC-E

Thank you for your continued support of Mitsubishi Electric micro programmable controllers, MELSEC-F series.
This technical bulletin informs you of change in indication of place of origin for the FX Configurator-FP.

1 APPLICABLE MODELS

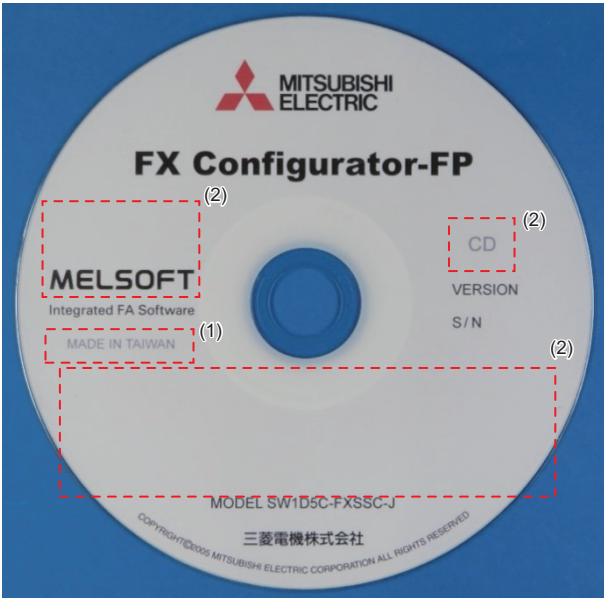

Product	Model
FX Configurator-FP	SW1D5C-FXSSC-J
	SW1D5C-FXSSC-E

2 DETAILS ON THE CHANGE

2.1 Change in Packaging Box

Before change	After change	Details on the change
		<p>The following items will be added.</p> <p>(1) Pictorial marking for handling</p>  <p>(2) Place of origin, certificate of qualification</p>  <p>(3) QR code</p> 
		<p>(4) Place of origin</p>  <p>(5) Recycling symbols</p> 

2.2 Change in the Surface of Disc Media

Before change	After change
 The image shows a CD-ROM for 'FX Configurator-FP' software. It features the Mitsubishi Electric logo at the top, followed by 'FX Configurator-FP'. Below this is the MELSOFT logo and 'Integrated FA Software'. To the right, there is a 'CD-ROM' logo and fields for 'VERSION' and 'SERIAL :'. At the bottom, it says 'MODEL SW1D5C-FXSSC-J' and '三菱電機株式会社'. A red dashed box highlights the 'CD-ROM' logo and the 'VERSION' and 'SERIAL' fields.	 The image shows the updated CD-ROM. It has the same layout but with changes indicated by red dashed boxes and numbers. Box (1) highlights the 'MADE IN TAIWAN' text, indicating the place of origin. Box (2) highlights the 'CD' text, indicating a change in the print. The text 'CD' is now larger and more prominent. The 'VERSION' and 'S/N' fields are also present. The bottom text remains the same.
	(1) The place of origin will be printed. (2) The print on the surface of disc media will be changed.

3 REASON FOR THE CHANGES

To indicate the place where the disc media was manufactured on the disc media and packaging box as the place of origin.

4 SCHEDULE

The change is applied to products manufactured from October 2025 onwards.

Note that, depending on stock status, products in both old and new packaging box may be distributed in the market around that time.

We appreciate your kind understanding.
