

## Report of the standardization of domestic and overseas packaging for industrial robots

**■ Date of issue**

April 2026

**■ Applicable models**

MELFA FR/CR series

Thank you for your continued support of Mitsubishi Electric industrial robot "MELFA". This technical news describes the standardization of domestic and overseas packaging specifications for industrial robots.

### 1 Outline

As part of the packaging standardization for industrial robots, the domestic and overseas packaging specifications for the RV-4/7FR(L), RV-2FRL, RH-3/6FRH, and RH-10CRH models will be changed.

### 2 List of affected products

The following shows the affected robot series.

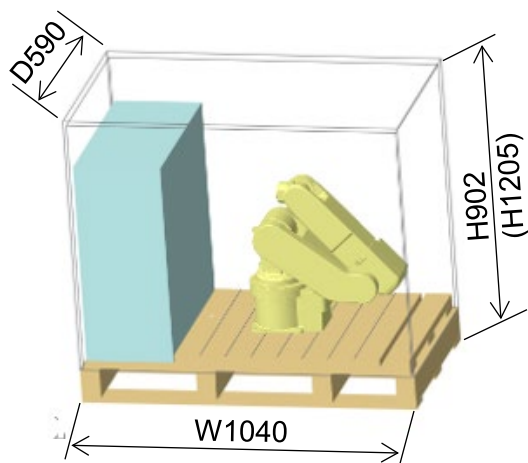

No.	Robot series
1	RV-4/7FR(L)
2	RV-2FRL
3	RH-10CRH
4	RH-3/6FRH

### 3 Details of the change

As part of the packaging standardization for robots, the domestic and overseas packaging specifications for the RV-4/7FR(L), RV-2FRL, RH-10CRH, and RH-3/6FRH series will be changed as shown in the following table.

Series	Current packaging [mm]		New packaging [mm]
	Domestic specification (packaging size)	Overseas specification (packaging size)	
RV-4/7FR(L)	W1040 × D590 × H902 *		W1040 × D590 × H902 *
RV-2FRL	W704 × D468 × H814 (robot) W542 × D492 × H378 (Controller)	W1383 × D688 × H925	
RH-10CRH	W1040 × D590 × H902 *		
RH-3/6FRH	W1230 × D880 × H1342 (robot) W542 × D492 × H378 (Controller)	W1383 × D688 × H1207	W1040 × D590 × H1205 *

\* Common packaging specification for domestic and overseas use

### 4 Schedule

This change will be made sequentially from the April 2026 production.
