

Comprehensive Packaging Solutions with e-F@ctory

Mitsubishi Electric enhances the packaging industry by integrating the **e-F@ctory framework**, an intelligent manufacturing concept designed to optimize processes and maximize efficiency. By leveraging e-F@ctory, businesses can create a **comprehensive and connected packaging process**, driving digital transformation and smart manufacturing.

A Complete FA Product Line for Intelligent Manufacturing

With nearly a century of expertise, Mitsubishi Electric offers a full **Factory Automation (FA) product line**, including:

- **PLCs**
- **Industrial robots**
- **Processing machines**

These technologies are built upon a **proven system framework and intelligent factory standards**, ensuring seamless automation and high-performance manufacturing.

Driving the Future of Smart Packaging

By integrating cutting-edge automation and intelligent manufacturing, Mitsubishi Electric is **shaping the future of the packaging industry**. Our solutions enable businesses to stay ahead of the curve, ensuring efficiency, flexibility, and quality in an increasingly competitive market.
