5. Organizational Reform (effective April 1, 2020)

(1) Establishment of Information Security Supervisory Office

In order to make rapid decisions and ensure the prompt sharing of information with customers and relevant organizations in the event of an incident with a view to strengthening the information security structure of the entire Group, the Company will establish the Information Security Supervisory Office under the direct control of the President, responsible for the centralized planning, construction, and operational functions for overall information security.

(2) Establishment of the Business Innovation Group

In order to promote and accelerate the commercialization of themes that transcend the framework of the existing business groups, the Business Development Division will be upgraded to the Business Innovation Group.

(3) Dissolution of the Communication Systems Group

In order to strengthen the communication systems-related business and develop a business structure aimed at resolving social issues, the Communication Systems Group will be progressively dissolved and the functions of the Group will be transferred to the Public Utility Systems Group and the Corporate Research and Development Group.

About Mitsubishi Electric Corporation

With nearly 100 years of experience in providing reliable, high-quality products, Mitsubishi Electric Corporation (TOKYO: 6503) is a recognized world leader in the manufacture, marketing and sales of electrical and electronic equipment used in information processing and communications, space development and satellite communications, consumer electronics, industrial technology, energy, transportation and building equipment. Embracing the spirit of its corporate statement, Changes for the Better, and its environmental statement, Eco Changes, Mitsubishi Electric endeavors to be a global, leading green company, enriching society with technology. The company recorded a revenue of 4,519.9 billion yen (US\$ 40.7 billion*) in the fiscal year ended March 31, 2019. For more information visit: www.MitsubishiElectric.com

*At an exchange rate of 111 yen to the US dollar, the rate given by the Tokyo Foreign Exchange Market on March 31, 2019
